Board of Regents  
University of Guam:

Dear Members of the Board of Regents:

We have performed an audit of the financial statements of the University of Guam (the "University") and its discretely presented component unit as of and for the year ended September 30, 2016, in accordance with auditing standards generally accepted in the United States of America ("generally accepted auditing standards") and have issued our report thereon dated April 12, 2017.

We have prepared the following comments to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process for which management of the University is responsible.

This report is intended solely for the information and use of the Board of Regents, management and the Office of Public Accountability - Guam and is not intended to be and should not be used by anyone other than these specified parties. However, this report is also a matter of public record.

Very truly yours,

## **OUR RESPONSIBILITY UNDER GENERALLY ACCEPTED AUDITING STANDARDS AND GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS**

Our responsibility under generally accepted auditing standards and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, have been described in our engagement letter dated September 28, 2016. As described in that letter, the objectives of a financial statement audit conducted in accordance with the aforementioned standards are:

- To express an opinion on each opinion unit of the University's basic financial statements and the accompanying supplementary information, in relation to the basic financial statements as a whole, for the year ended September 30, 2016 (the "financial statements"), in all material respects, in accordance with accounting principles generally accepted in the United States of America ("generally accepted accounting principles"), and to perform specified procedures on the required supplementary information for the year ended September 30, 2016;
- To express an opinion on whether the supplementary information that accompanies the financial statements, including the schedule of expenditures of federal awards, is fairly stated, in all material respects, in relation to the financial statements as a whole;
- To report on the University's internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters for the year ended September 30, 2016 based on an audit of financial statements performed in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*; and
- To report on the University's compliance with requirements applicable to each major program and on internal control over compliance in accordance with the Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Our responsibilities under generally accepted auditing standards include forming and expressing an opinion about whether the financial statements that have been prepared with the oversight of management and the Board of Regents are presented fairly, in all material respects, in conformity with generally accepted accounting principles. The audit of the financial statements does not relieve management or the Board of Regents of their responsibilities.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether caused by fraud or error. In making those risk assessments, we considered internal control over financial reporting relevant to the University's preparation and fair presentation of the financial statements in order to design audit procedures that were appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over financial reporting. Our consideration of internal control over financial reporting was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

We also considered the University's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance. Our audit does not, however, provide a legal determination of the University's compliance with those requirements.

## **MANAGEMENT JUDGMENTS AND ACCOUNTING ESTIMATES**

Accounting estimates are an integral part of the financial statements prepared with the oversight of management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and on assumptions about future events. Significant accounting estimates reflected in the University's 2016 financial statements include management's estimate of the allowance for doubtful accounts, which is determined based upon past collection experience and aging of the accounts, and management's estimate of depreciation expense, which is based on estimated useful lives of the respective capital assets. During the year ended September 30, 2016, there were no significant changes in accounting estimates or in management's judgments relating to such estimates.

## **AUDIT ADJUSTMENTS AND UNCORRECTED MISSTATEMENTS**

Our audit of the financial statements was designed to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. As the result of our audit work, we identified matters that resulted in audit adjustments that we believe, either individually or in the aggregate, would have a significant effect on the University's financial reporting process. Such proposed adjustments, listed as Appendix A to Attachment I, have been recorded in the accounting records and are reflected in the 2016 financial statements.

In addition, listed in Appendices B and C to Attachment I, is a summary of uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period and prior period presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

## **SIGNIFICANT ACCOUNTING POLICIES**

The University's significant accounting policies are set forth in Note 2 to the University's 2016 financial statements. During the year ended September 30, 2016, there were no significant changes in previously adopted accounting policies or their application, except for the following pronouncements adopted by the University:

- GASB Statement No. 72, *Fair Value Measurement and Application*, which addresses accounting and financial reporting issues related to fair value measurements and requires entities to expand their fair value disclosures by determining major categories of debt and equity securities within the fair value hierarchy on the basis of the nature and risk of the investment. The implementation of this statement required additional disclosures to be made about fair value measurements, the level of the fair value hierarchy, and valuation techniques.
- GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, which eliminates two of the four categories of authoritative GAAP that exist under the existing hierarchy prescribed by Statement No. 55. The two categories that will remain under the new standard are (1) GASB Statements and (2) GASB technical bulletins and implementation guides in addition to AICPA guidance that the GASB clears. The implementation of this statement did not have a material effect on the financial statements.

## **SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

- GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, which addresses for certain external investment pools and their participants the accounting and financial reporting implications that result from changes in the regulatory provisions referenced by previous accounting and financial reporting standards. Those provisions were based on the Investment Company Act of 1940, Rule 2a7. Rule 2a7 contains the Securities and Exchange Commission's regulations that apply to money market funds and were significantly amended in 2014. The implementation of this statement did not have a material effect on the financial statements

In June 2015, GASB issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68*, which aligns the reporting requirements for pensions and pension plans not covered in GASB Statements No. 67 and No. 68 with the reporting requirements in Statement No. 68. The provisions in Statement No. 73 are effective for fiscal years beginning after June 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In June 2015, GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, which replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, as amended*, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, and addresses financial reporting requirements for governments whose employees are provided with postemployment benefits other than pensions (other postemployment benefits or OPEB). The provisions in Statement No. 74 are effective for fiscal years beginning after June 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, as amended*, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, and provides guidance on reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments. The provisions in Statement No. 75 are effective for fiscal years beginning after June 15, 2017. Management has not evaluated the impact that the implementation of this statement will have on the financial statements.

In August 2015, GASB issued Statement No. 77, *Tax Abatement Disclosures*, which requires governments that enter into tax abatement agreements to disclose certain information about the agreements. The provisions in Statement No. 77 are effective for fiscal years beginning after December 15, 2015. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In December 2015, GASB issued Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, which addresses a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The provisions in Statement No. 78 are effective for fiscal years beginning after December 15, 2015. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

## **SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

In January 2016, GASB issued Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*, which improves financial reporting by clarifying the financial statement presentation requirements for certain component units. The provisions in Statement No. 80 are effective for fiscal years beginning after June 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In March 2016, GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*, which improves accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The provisions in Statement No. 81 are effective for fiscal years beginning after December 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In March 2016, GASB issued Statement No. 82, *Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73*, which addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The provisions in Statement No. 82 are effective for fiscal years beginning after June 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

We have evaluated the significant qualitative aspects of the University's accounting practices, including accounting policies, accounting estimates and financial statement disclosures and concluded that the policies are appropriate, adequately disclosed, and consistently applied by management.

## **OTHER INFORMATION IN THE ANNUAL REPORTS OF THE UNIVERSITY**

When audited financial statements are included in documents containing other information, such as the University's 2016 Annual Report, we will read such other information and consider whether it, or the manner of its presentation, is materially inconsistent with the information, or the manner of its presentation, in the financial statements audited by us. In the event that the University issues an Annual Report or other documentation that includes the audited financial statements, we will be required to read the other information in the University's 2016 Annual Report and will inquire as to the methods of measurement and presentation of such information. If we note a material inconsistency or if we obtain any knowledge of a material misstatement of fact in the other information, we will discuss this matter with management and, if appropriate, with the Board of Regents.

## **DISAGREEMENTS WITH MANAGEMENT**

We have not had any disagreements with management related to matters that are material to the University's 2016 financial statements.

## **OUR VIEWS ABOUT SIGNIFICANT MATTERS THAT WERE THE SUBJECT OF CONSULTATION WITH OTHER ACCOUNTANTS**

We are not aware of any consultations that management may have had with other accountants about auditing and accounting matters during 2016.

## **SIGNIFICANT ISSUES DISCUSSED, OR SUBJECT OF CORRESPONDENCE, WITH MANAGEMENT PRIOR TO OUR RETENTION**

Throughout the year, routine discussions were held, or were the subject of correspondence, with management regarding the application of accounting principles or auditing standards in connection with transactions that have occurred, transactions that are contemplated, or reassessment of current circumstances. In our judgment, such discussions or correspondence were not held in connection with our retention as auditors.

## **SIGNIFICANT DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT**

In our judgment, we received the full cooperation of the University's management and staff and had unrestricted access to the University's senior management in the performance of our audit.

## **MANAGEMENT'S REPRESENTATIONS**

We have made specific inquiries of the University's management about the representations embodied in the financial statements. Additionally, we have requested that management provide to us the written representations the University is required to provide to its independent auditors under generally accepted auditing standards. We have attached to this letter, as Attachment II, a copy of the representation letter we obtained from management.

## **CONTROL-RELATED MATTERS**

We have issued a separate report to you, dated April 12, 2017, on the University's internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, which was based upon the audit performed in accordance with *Government Auditing Standards*. We have also issued a separate report to you, also dated April 12, 2017, concerning certain matters involving the University's compliance with requirements applicable to each major program and on internal control over compliance in accordance with the Uniform Guidance. Although we have included management's written responses to our comments contained in those reports, such responses have not been subjected to the auditing procedures applied in our audit of the basic financial statements and, accordingly, we do not express an opinion or provide any form of assurance on the appropriateness of the responses or the effectiveness of any corrective actions described therein.

We also noted certain matters that we reported to management of the University in a separate letter dated April 12, 2017.

The implementation of this statement required additional disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques.
  - GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, which eliminates two of the four categories of authoritative GAAP that exist under the existing hierarchy prescribed by Statement No. 55.
