This report summarizes our communications with those charged with governance as required by our professional standards to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process.

REQUIRED COMMUNICATIONS

Overview of the planned scope and timing of the audit

Our audit scope and timing is consistent with the plan communicated in our engagement letter dated August 27, 2017 and at our audit planning meeting with management.

Auditor's responsibility under professional standards, including discussion of the type of auditor's report we are issuing and if there are any events or conditions that cause us to conclude that there is substantial doubt about the entity's ability to continue as a going concern

The financial statements, required supplementary information and supplementary information are the responsibility of management as prepared with the oversight of those charged with governance. Our audit was designed in accordance with auditing standards generally accepted in the United States, as established by the American Institute of Certified Public Accountants, to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we will express no such opinion.

An audit also includes the evaluation of the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the evaluation of the overall presentation of the financial statements.

Our responsibilities are included in our audit engagement letter.

- Statement No. 85, *Omnibus 2017*
- Statement No. 86, *Certain Debt Extinguishment Issues*

Sensitive Accounting Estimates

A discussion of sensitive accounting estimates has been included in footnote 1 of the financial statements.

We determined that those charged with governance are informed about management's process for formulating particularly sensitive estimates and about the basis to our conclusions regarding the reasonableness of those estimates.

Management's judgment is called upon in:

- Determining the adequacy of the recorded valuation of loans receivable, including the need for any reserve.
- Preparing budgets that are used to administer and monitor the Corporation's operations. These budgets include determining how existing financial resources will be used in the Corporation's operations.
- Determining the valuation of investments.
- Determining the impairment loss on long-lived assets.
- Determining useful lives in the calculation of depreciation expense.
- Determining the assumptions utilized in measuring pension and other employee-related reserves and related costs for financial accounting purposes.
