The Board of Directors
Port Authority of Guam
1026 Cabras Highway, Suite 201
Piti, Guam 96925

Dear Members of the Board of Directors:

We have performed an audit of the financial statements of Port Authority of Guam (the "Authority") as of and for the year ended September 30, 2021, in accordance with auditing standards generally accepted in the United States of America ("generally accepted auditing standards") and have issued our report thereon dated April 21, 2022.

We have prepared the following comments to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process for which management of the Authority is responsible.

This report is intended solely for the information and use of the Board of Directors, management and the Office of Public Accountability - Guam and is not intended to be and should not be used by anyone other than these specified parties. However, this report is also a matter of public record.

Very truly yours,

A handwritten signature in cursive script that reads "Deloitte & Touche LLP".

cc: To Management of Port Authority of Guam

OUR RESPONSIBILITY UNDER GENERALLY ACCEPTED AUDITING STANDARDS AND GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS

Our responsibility under generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, have been described in our engagement letter dated November 12, 2021. As described in that letter, the objectives of a financial statement audit conducted in accordance with the aforementioned standards are to:

- Express an opinion on whether the Authority's basic financial statements and the accompanying supplementary information, in relation to the basic financial statements as a whole, for the year ended September 30, 2021 (the "financial statements"), are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("generally accepted accounting principles") and perform specified procedures on the required supplementary information for the year ended September 30, 2021.
- Express an opinion on whether the supplementary information that accompanies the financial statements, including the schedule of expenditures of federal awards, is presented fairly, in all material respects, in relation to the financial statements as a whole.
- Report on the Authority's internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters for the year ended September 30, 2021, based on an audit of financial statements performed in accordance with generally accepted auditing standards.
- Express an opinion on the Authority's compliance with requirements applicable to each major program and report on the Authority's internal control over compliance in accordance with the Title 2 U.S. Code of Federal Regulation Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("OMB Uniform Guidance").

Our responsibilities under generally accepted auditing standards include forming and expressing an opinion about whether the financial statements that have been prepared with the oversight of management and the Board of Directors are presented fairly, in all material respects, in conformity with generally accepted accounting principles. The audit of the financial statements does not relieve management or the Board of Directors of their responsibilities.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether caused by fraud or error. In making those risk assessments, we considered internal control over financial reporting relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that were appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting. Our consideration of internal control over financial reporting was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

ACCOUNTING ESTIMATES

Accounting estimates are an integral part of the financial statements prepared with the oversight of management and are based on management's current judgments. Those judgments are ordinarily based on knowledge and experience about past and current events and on assumptions about future events. Significant accounting estimates reflected in the Authority's 2021 financial statements include management's estimate of the allowance for doubtful accounts, which is determined based upon past collection experience and aging of the accounts; management's estimate of depreciation expense, which is based on estimated useful lives of the respective capital assets; management's estimate of the net pension liability, deferred outflows and inflows of resources related to pension which is based on an actuarial report issued by the Government of Guam Retirement Fund; and management's estimate of the other post-employment benefits (OPEB) liability, deferred outflows and inflows of resources related to OPEB, which is based on an actuarial report issued by the Government of Guam Department of Administration. During the year ended September 30, 2021, there were no significant changes in accounting estimates or in management's judgments relating to such estimates.

UNCORRECTED MISSTATEMENTS

Our audit of the financial statements was designed to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. We have attached to this letter, as Appendix A to Attachment I, a summary of uncorrected misstatements that we presented to management during the current audit engagement that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

MATERIAL CORRECTED MISSTATEMENTS

Material misstatements were brought to the attention of management as a result of our audit procedures and were corrected by management during the current period. These corrected misstatements are listed in Appendix B to Attachment I and are reflected in the 2021 financial statements.

SIGNIFICANT ACCOUNTING POLICIES

The Authority's significant accounting policies are set forth in Note 1 to the Authority's 2021 financial statements. The implementation of these statements did not have a material effect on the Authority's financial statements.

In 2020, GASB issued Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance, which postponed the effective dates of GASB Statement No. 84, 89, 90, 91, 92 and 93 by one year and GASB Statement No. 87 by 18 months; however, earlier application of the provisions addressed in GASB Statement No. 95 is encouraged and is permitted to the extent specified in each pronouncement as originally issued. In accordance with GASB Statement No. 95, management has elected to postpone implementation of these statements.

SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

During the year ended September 30, 2021, the Authority implemented the following pronouncements:

- GASB Statement No. 84, Fiduciary Activities, which improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.
- GASB Statement No. 90, Majority Equity Interests - An Amendment of GASB Statements No. 14 and 61, which improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units.
- GASB Statement No. 93, Replacement of Interbank Offered Rates, which establishes accounting and reporting requirements related to the replacement of Interbank Offered Rates such as the London Interbank Offered Rate (LIBOR) for hedging derivative instruments. The provision removing LIBOR as an appropriate benchmark interest rate for the evaluation of the effectiveness of derivative instruments is effective for the year ended September 30, 2022.

The implementation of these statements did not have a material effect on the accompanying financial statements.

In June 2017, GASB issued Statement No. 87, Leases. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. Management believes that this statement, upon implementation, will have a material effect on the financial statements. In accordance with GASB Statement No. 95, GASB Statement No. 87 will be effective for fiscal year ending September 30, 2022.

In June 2018, GASB issued Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. Management believes that this statement, upon implementation, may have a material effect on the financial statements. In accordance with GASB Statement No. 95, GASB Statement No. 89 will be effective for fiscal year ending September 30, 2022.

In May 2019, GASB issued Statement No. 91, Conduit Debt Obligations. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. In accordance with GASB Statement No. 95, GASB Statement No. 91 will be effective for fiscal year ending September 30, 2023.

SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

In January 2020, GASB issued Statement No. 92, Omnibus 2020. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes specific provisions about the effective date of Statement No. 87, Leases, and Implementation Guide No. 2019-3, Leases, for interim financial reports, the terminology used to refer to derivative instruments and the applicability of certain requirements of Statement No. 84, Fiduciary Activities, to postemployment benefits. The requirements related to the effective date of GASB Statement No. 87 and Implementation Guide 2019-3, reissuance recoveries and terminology used to refer to derivative instruments are effective upon issuance. In accordance with GASB Statement No. 95, the remaining requirements of GASB Statement No. 92 are effective for the fiscal year ending September 30, 2022.

In March 2020, GASB issued Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. GASB Statement No. 94 will be effective for fiscal year ending September 30, 2023.

In May 2020, GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. GASB Statement No. 96 will be effective for fiscal year ending September 30, 2023.

In June 2020, GASB issued Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. Management does not believe that this Statement, upon implementation, will have a material effect on the financial statements. GASB Statement No. 97 will be effective for fiscal year ending September 30, 2022.

SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

In October 2021, GASB issued Statement No. 98, The Annual Comprehensive Financial Report. This Statement establishes the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments. Management does not believe that this statement, upon implementation, will have a material effect on the financial statements. GASB Statement No. 98 will be effective for fiscal year ending September 30, 2022.

We have evaluated the significant qualitative aspects of the Authority's accounting practices, including accounting policies, accounting estimates and financial statement disclosures and concluded that the policies are appropriate, adequately disclosed, and consistently applied by management.

OTHER INFORMATION IN THE ANNUAL REPORTS OF THE AUTHORITY

When audited financial statements are included in documents containing other information, such as Annual Reports, we will read such other information and consider whether it, or the manner of its presentation, is materially inconsistent with the information, or the manner of its presentation, in the financial statements audited by us. In the event that the Authority issues an Annual Report or other documentation that includes the audited financial statements, we will be required to read the other information in the Authority's 2021 Annual Report and will inquire as to the methods of measurement and presentation of such information. If we note a material inconsistency or if we obtain any knowledge of a material misstatement of fact in the other information, we will discuss this matter with management and, if appropriate, with the Board of Directors.

DISAGREEMENTS WITH MANAGEMENT

We have not had any disagreements with management related to matters that are material to the Authority's 2021 financial statements.

OUR VIEWS ABOUT SIGNIFICANT MATTERS THAT WERE THE SUBJECT OF CONSULTATION WITH OTHER ACCOUNTANTS

We are not aware of any consultations that management may have had with other accountants about auditing and accounting matters during 2021.

SIGNIFICANT FINDINGS OR ISSUES DISCUSSED, OR SUBJECT OF CORRESPONDENCE, WITH MANAGEMENT PRIOR TO OUR RETENTION

Throughout the year, routine discussions were held, or were the subject of correspondence, with management regarding the application of accounting principles or auditing standards in connection with transactions that have occurred, transactions that are contemplated, or reassessment of current circumstances. In our judgment, such discussions or correspondence were not held in connection with our retention as auditors.

OTHER SIGNIFICANT FINDINGS OR ISSUES ARISING FROM THE AUDIT DISCUSSED, OR SUBJECT OF CORRESPONDENCE, WITH MANAGEMENT

Throughout the year, routine discussions were held, or were the subject of correspondence, with management. In our judgement, such discussions or correspondence did not involve significant findings or issues requiring communication to the Board of Directors.

SIGNIFICANT DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

In our judgment, we received the full cooperation of the Authority's management and staff and had unrestricted access to the Authority's senior management in the performance of our audit.

MANAGEMENT'S REPRESENTATIONS

We have made specific inquiries of the Authority's management about the representations embodied in the financial statements. In addition, we have requested that management provide to us the written representations the Authority is required to provide to its independent auditors under generally accepted auditing standards. We have attached to this letter, as Attachment I, a copy of the representation letter we obtained from management.

EMPHASIS OF A MATTERS

As discussed in Note 12 to the financial statements, the Authority's operations have been affected by the recent and ongoing outbreak of the coronavirus disease. As a result of the spread of the COVID-19 coronavirus, governments worldwide implemented actions to restrict travel and economic activities. The ultimate disruption which may be caused by the outbreak is uncertain, therefore, the actual impact on the Authority's business, results of operations, and financial position for fiscal year 2021 and beyond is currently not determinable. Our conclusion is not modified with respect to this matter.

As discussed in Note 11 to the financial statements, the 2020 financial statements have been restated to correct an error in capitalized interest.

CONTROL-RELATED MATTERS

We have issued a separate report to you, dated April 21, 2022 on the Authority's internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, which was based upon the audit performed in accordance with Government Auditing Standards. We have also issued a separate report to you, also dated April 21, 2022 involving the Authority's compliance with requirements applicable to each major program and on internal control over compliance in accordance with OMB Uniform Guidance.

Although we have included management's written responses to our comments, such responses have not been subjected to the auditing procedures applied in our audit and, accordingly, we do not express an opinion or provide any form of assurance on the appropriateness of the responses or the effectiveness of any corrective actions described therein.

We have communicated to management, in separate letters also dated April 21, 2022, certain matters related to the Authority's internal control over financial reporting that we identified during our audit.

35. In 2020, GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which postponed the effective dates of GASB Statement No. 84, 89, 90, 91, 92 and 93 by one year and GASB Statement No. 87 by 18 months; however, earlier application of the provisions addressed in GASB Statement No. 95 is encouraged and is permitted to the extent specified in each pronouncement as originally issued. In accordance with GASB Statement No. 95, management has elected to postpone implementation of these statements.
36. Regarding the future implementation of GASB Statements effective for the years ending September 30, 2022 and after, as detailed in Note 1 of the financial statements, the Company does not believe the implementation will have a material effect on its financial statements with the exception of Statement No. 87, *Leases* and Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*, which will be effective for fiscal year ending September 30, 2022. The Company has not completed the process of evaluating the impact that will result from adopting GASB Statement No. 87 *Leases* and GASB Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period* as discussed in Note 1. The Company is therefore unable to disclose the impact that adopting GASB Statement No.s 87 and 89 will have on its financial position, results of operations, and cash flows when such statements are adopted.
37. The Authority has determined whether a capital asset has been impaired in accordance with GASB Codification Section 1400.180 – 1400.200, *Impairment of Capital Assets*. In making this determination, the Authority considered the following factors:
 - a. The magnitude of the decline in service utility is significant
 - b. The decline in service utility is unexpected.
38. We agree with the findings of the experts contracted by the Government of Guam Retirement Fund and the Government of Guam Department of Administration for the actuarial evaluations of the Government of Guam's retirement plan, postretirement liabilities and other post-employment benefits (OPEB). We did not give any instructions, nor cause any instructions to be given, to management's experts with respect to values or amounts derived in an attempt to bias his or her work, and we are not aware of any matters that have affected the independence or objectivity of management's experts.
39. Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances, line of credit, or similar arrangements have been properly disclosed in the financial statements.
40. The Authority does not require collateralization of its cash deposits; therefore, deposit levels in excess of FDIC insurance coverage are uncollateralized. Accordingly, these deposits are exposed to custodial credit risk. Authority has not experienced any losses on such accounts and management believes it is not exposed to credit risk on its deposits.
41. Financial instruments with significant individual or group concentration of credit risk have been appropriately identified, properly recorded, and disclosed in the financial statements.
42. Receivables recorded in the financial statements represent valid claims against debtors for sales or other charges arising on or before the balance-sheet date and have been appropriately reduced to their estimated net realizable value.

43. Quantitative and qualitative information regarding the allowance for doubtful accounts has been properly disclosed in the financial statements.
44. We believe that all expenditures that have been deferred to future periods are recoverable.
45. We have disclosed to you all additions or changes to the existing pension plans.
46. We believe that the actuarial assumptions and methods used to measure pension and postretirement liabilities and costs for financial accounting purposes are appropriate in the circumstances. These amounts have been appropriately recognized and displayed as assets, liabilities, deferred inflows, deferred outflows, net position and changes in net position in the financial statements in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*.
47. Except for the contributions amount used by the actuary, we believe that the actuarial assumptions and methods used to measure other post-employment benefit liabilities are appropriate in the circumstances. These amounts have been appropriately recognized and displayed as assets, liabilities, deferred inflows, deferred outflows, net position and changes in net position in the financial statements in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*.
48. We have no intention of terminating our participation in the Government of Guam Retirement plans or taking any other action that could result in an effective termination or reportable event for any of the plans. We are not aware of any occurrences that could result in the termination of any of our pension plans to which we contribute.
49. The Authority assessed the estimated useful life of three gantry cranes and determined it is still appropriate.

The Authority is a defendant in various lawsuits and proceedings arising in the normal course of business.

While the outcome of the lawsuits and proceedings cannot be predicted with certainty and could adversely affect the Authority's financial statements, it is the opinion of management, after consulting with its legal counsel, that the ultimate disposition of such suits and proceedings will not have a material adverse effect on the Authority's financial statements at this time, and therefore, no provision has been recorded for litigation and claims in the financial statements.

50. Pursuant to the Merchant Marine Act of 1936 and Guam Public Law 110-417 Section 3512, the Port Authority of Guam entered into a Memorandum of Agreement with the Maritime Administration (MARAD), as the lead federal agency to implement and administer the Port of Guam Improvement Enterprise Program in accordance with the Port Master Plan Update 2007. Projects involved the facilitation of the modernization, expansion and transformation of the Jose D. Leon Guerrero Commercial Port. A dashboard project expenditure summary was provided to the Authority by MARAD and was used as the basis for recording of capital assets. The Authority did not receive any funds

under the program and no funds were passed through to the Authority, no procurement activities under the program were performed, and no payments to vendors with program funds were processed and reviewed by the Authority during fiscal year 2021.

51. The Authority has assessed that it owes an estimated \$54,000 of merit bonuses to inactive and retired employees as required by Public Law 21-59 as of September 30, 2021.
52. The Authority has obligated, expended, received, and used public funds of the Government of Guam and Federal Government in accordance with the purpose for which such funds have been appropriated or otherwise authorized by local, state, or federal law. Such obligation, expenditure, receipt, or use of public funds was in accordance with any limitations, conditions, or mandatory directions imposed by local, state, or federal law.
53. Money or similar assets handled by the Authority on behalf of the Government of Guam or Federal Government have been properly and legally administered, and the accounting and record keeping related thereto is proper, accurate, and in accordance with law.
54. No evidence of fraud, possible irregularities, or dishonesty in fiscal operations of programs administered by the Authority has been discovered.
55. During the year ended September 30, 2021, the Authority determined that it had not capitalized interest on construction work-in-progress in accordance with GASB Statement 62 for the year ended September 30, 2020. As a result, the 2020 financial statements have been restated to correct this error.
56. The Authority's operations have been affected by the ongoing outbreak of the coronavirus disease. As a result of the spread of the COVID-19 coronavirus, governments worldwide implemented actions to restrict travel and economic activities. The ultimate disruption which may be caused by the outbreak is uncertain, therefore, the actual impact on the Authority's business, results of operations, and financial position for fiscal year 2022 and beyond is currently not determinable.
57. No events have occurred after September 30, 2021 but before April 21, 2022, the date the financial statements were available to be issued that require consideration as adjustments to or disclosures in the Authority's financial statements.
