June 27, 2012

Taling Taitano, CPA Acting Superintendent of Education Guam Department of Education

We have performed an audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Guam Department of Education (GDOE) as of and for the year ended September 30, 2011, in accordance with auditing standards generally accepted in the United States of America ("generally accepted auditing standards") and have issued our report thereon dated June 27, 2012.

We have prepared the following comments to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process for which management of GDOE is responsible.

# OUR RESPONSIBILITY UNDER GENERALLY ACCEPTED AUDITING STANDARDS AND GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS

Our responsibility under generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, have been described in our engagement letter dated August 11, 2011. As described in that letter, the objective of a financial statement audit conducted in accordance with the aforementioned standards is:

- To express an opinion on the fairness of each opinion unit in GDOE's basic financial statements and the accompanying supplementary information, and to disclaim an opinion on the required supplementary information for the year ended September 30, 2011 in conformity with accounting principles generally accepted in the United States of America ("generally accepted accounting principles"), in all material respects;
- To express an opinion on whether the supplementary information that accompanies the basic financial statements is presented fairly, in all material respects, in relation to the basic financial statements taken as a whole;
- To report on GDOE's internal control over financial reporting and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters for the year ended September 30, 2011 based on an audit of financial statements performed in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*; and
- To report on GDOE 's compliance with requirements applicable to each major federal program and on internal control over compliance in accordance with the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement (OMB Circular A-133).

Our responsibilities under generally accepted auditing standards include forming and expressing an opinion about whether the financial statements that have been prepared by management with the oversight of the Office of the Superintendent are presented fairly, in all material respects, in conformity with generally accepted accounting principles. The audit of the financial statements does not relieve management or the Office of the Superintendent of their responsibilities.

We considered GDOE's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GDOE's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of GDOE's internal control over financial reporting. Our consideration of internal control over financial reporting would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

We also considered GDOE's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133. Our audit does not, however, provide a legal determination of GDOE's compliance with those requirements.

### ACCOUNTING ESTIMATES

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and on assumptions about future events. Significant accounting estimates reflected in GDOE's 2011 financial statements include management's estimate of the allowance for uncollectible accounts, which is determined based upon past collection experience and aging of the accounts, and management's estimate of depreciation expense, which is based on estimated useful lives of the respective capital assets. During the year ended September 30, 2011, we are not aware of any significant changes in accounting estimates or in management's judgments relating to such estimates.

### AUDIT ADJUSTMENTS AND UNCORRECTED MISSTATEMENTS

As the result of our audit work, we identified matters that resulted in audit adjustments that we believe, either individually or in the aggregate, would have a significant effect on GDOE's financial reporting process. Such proposed adjustments, listed in Appendix I, have been recorded in the accounting records and are reflected in the 2011 financial statements. Those proposed adjustments that were not recorded by management are also included in the schedule described in the next paragraph.

In addition, we have attached to this letter, as Appendix II, a summary of uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

### SIGNIFICANT ACCOUNTING POLICIES

GDOE's significant accounting policies are set forth in Note 1 to GDOE's 2011 financial statements. During the year ended September 30, 2011, there were no significant changes in previously adopted accounting policies or their application, except for the following pronouncements adopted by GDOE:

During fiscal year 2011, GDOE implemented the following pronouncements:

• GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions.

• GASB Statement No. 59, *Financial Instruments Omnibus*, which updates and improves existing standards regarding financial reporting of certain financial instruments and external investment pools.

The implementation of these pronouncements did not have a material effect on the accompanying financial statements.

### OTHER INFORMATION IN THE ANNUAL REPORTS

When audited financial statements are included in documents containing other information such as GDOE's 2011 Annual Report, we will read such other information and consider whether it, or the manner of its presentation, is materially inconsistent with the information, or the manner of its presentation, in the financial statements audited by us. We will read the other information in GDOE's 2011 Annual Report and will inquire as to the methods of measurement and presentation of such information. If we note a material inconsistency or if we obtain any knowledge of a material misstatement of fact in the other information, we will discuss this matter with management and, if appropriate, with the Board.

### DISAGREEMENTS WITH MANAGEMENT

We have not had any disagreements with management related to matters that are material to GDOE's 2011 financial statements.

### **CONSULTATION WITH OTHER ACCOUNTANTS**

We are not aware of any consultations that management may have had with other accountants about auditing and accounting matters during 2011.

#### **MANAGEMENT'S REPRESENTATIONS**

We have made specific inquiries of GDOE's management about the representations embodied in the financial statements. Additionally, we have requested that management provide to us the written representations GDOE is required to provide to its independent auditors under generally accepted auditing standards. We have attached to this letter, as Appendix III, a copy of the representation letters we obtained from management.

# MAJOR ISSUES DISCUSSED WITH MANAGEMENT PRIOR TO OUR INITIAL ENGAGEMENT OR RETENTION

Throughout the year, routine discussions were held or were the subject of correspondence with management regarding the application of accounting principles or auditing standards in connection with transactions that have occurred, transactions that are contemplated, or reassessment of current circumstances. In our judgment, such discussions or correspondence were not held in connection with our retention as auditors.

#### SIGNIFICANT DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

In our judgment, we received the full cooperation of GDOE's management and staff and had unrestricted access to GDOE's senior management in the performance of our audit.

### **CONTROL-RELATED MATTERS**

We have issued a separate report to you, also dated June 27, 2012, containing certain matters involving GDOE's internal control over financial reporting that we consider to be significant deficiencies under standards established by the American Institute of Certified Public Accountants, and on its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. We have also issued a separate report to you, also dated June 27, 2012, containing certain matters involving GDOE's compliance with requirements applicable to each major program and on internal control over compliance in accordance with OMB Circular A-133. Although we have included management's written responses to our comments contained in those reports, such responses have not been subjected to the auditing procedures applied on our audit of the basic financial statements and, accordingly, we do not express an opinion or provide any form of assurance on the appropriateness of the responses or the effectiveness of any corrective actions described therein.

\* \* \* \* \* \* \* \*

This report is intended solely for the information and use of management, the Office of the Superintendent, the Office of Public Accountability of Guam, and others within the entity and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank the staff and management of GDOE for their cooperation and assistance during the course of this engagement.

Very truly yours,

Jeloitte Nache LIP
