2019 CITIZEN CENTRIC REPORT // GUAM ECONOMIC DEVELOPMENT AUTHORITY | Page 3 of 4
CHALLENGES AFFECTING GEDA

UNFUNDED LEGISLATIVE MANDATES
GEDA has been mandated by the I Liheslaturan Guahan to perform duties that are not financially supported. These mandates, while in line with GEDA’s mission, impose a financial burden to the agency. Unlike the line agencies, GEDA is not supported by Legislative appropriations. All expenses incurred by GEDA to meet the unfunded mandates must come out of the agency’s finite operating revenues.

H-2B VISAS
Since 2018, Guam employers have seen 100% approval of H-2B petition for foreign labor from the Philippines. The Philippines had been removed from the USCIC list of approved countries for H-2B visas since January 2019 and remains off the list. Small contractors are reluctant to test the new process and therefore the chilling effect of the denials of the past are still shared by many contractors and developers.

LAND AVAILABILITY/LOSS
Property leases are the primary funding source of GEDA’s operations. The majority of commercial leases were negotiated in the 70’s and 80’s with many leases locked until 2065. The revenue generated is less able to sustain GEDA. Without additional properties it would be impractical for property lease revenue to sustain GEDA or implement any program regarding economic, free trade, or opportunity zones.

PUBLIC LAW 32-40 LEASE LIMITATIONS
P.L. 32-40 and later amended by P.L. 34-99 imposes a 5 year duration limit on commercial leases. This created additional requirements to public land leasing and added additional time required to complete the compliance with its process. This short time period makes GEDA’s commercial leases on available government-owned lands less attractive and difficult to market at fair market rental value.

GWA NEW REVENUE BOND FINANCING
The Guam Waterworks Authority (GWA) is looking to issue a $134M Water and Wastewater System Revenue Bonds, Series 2020.

SSHS LEASEBACK FINANCING
Land surveying of Simon Sanchez High School (SSHS) is on-going to be awarded by Feb 2020. The leaseback financing will commence with a goal to conclude by the end of the current fiscal year.

JFK BOND REFUNDING OPPORTUNITY
GEDA is working on the refunding of the outstanding GovGuam’s obligations with respect to the CaPFA Capital Corp. 2010A Certificates of Participation Series 2010A, and capitalize on savings for the General Fund.

DEPARTMENT OF LAND MANAGEMENT (DLM)
P.L. 29-135 authorized the financing for a new Land Resources Public Facility and for the purchase of collateral equipment in an amount not to exceed $15.75M.

$9.2M GMHA LABOR & DELIVERY WARD FINANCING
P.L. 32-204 as amended by P.L. 33-151 authorized a $9.2M financing for renovation of the Guam Memorial Hospital Labor and Delivery Ward. GEDA has been working to close this loan with USDA at an interest rate of 2.75%. GEDA will work with GMHA and USDA to update and issue a new RFP to secure a financier.
