R. REQUEST FOR NON-DISCLOSURE OF CONFIDENTIAL DATA

After award, the winning Proposal becomes a part of the public record of procurement. Offerors may request that portions of their Proposal be kept confidential. If an Offeror is submitting trade secrets or proprietary information in its Proposal that it wishes to keep confidential, then a written request for non-disclosure must be included with the Proposal and those portions of the Proposal which are proprietary

must be clearly marked or designated. Material so designated shall accompany the Proposal and shall be readily separable from the Proposal in order to facilitate inspection of the non-confidential portion of the Proposal. However, prices and makes and models or catalogue numbers of the items offered, deliveries, and terms of payment of the winning Proposal shall be publicly available at the time of the Notice of Award regardless of any designation to the contrary. Any Proposals marked or designated as “Confidential” or “Proprietary” for the entirety of the Proposal shall be rejected.

After receipt of a request to designate portions of the Proposal as confidential, the Department of Administration will examine the request. The Department of Administration may review the material declared to be confidential to determine the validity of any requests for non-disclosure of trade secrets and other proprietary data identified in writing. The Department of Administration will then inform the Offeror of its decision on the request in writing. If the parties do not agree as to the disclosure of certain data, the Offeror may then withdraw the Proposal or submit a protest if permitted by law. If the Proposal is not withdrawn and no protest is received, then the Department of Administration may disclose those portions of the Proposal for which a non-disclosure request was not granted.

S. MULTIPLE, ALTERNATE, OR LATE PROPOSALS

Multiple or Alternate Proposals will not be accepted, and any multiple or alternate Proposals submitted will be rejected. Late Proposals will not be accepted, and any late Proposals will be rejected.

T. ALL OR NONE PROPOSALS

Proposals MAY NOT limit acceptance to the entire Proposal offering. Proposals that violate this provision shall be deemed to be nonresponsive.

U. AMENDMENTS TO REQUEST FOR PROPOSALS

The Department of Administration reserves the right to amend this RFP at any time, as provided under Guam’s Procurement Law and Guam’s Procurement Rules and Regulations. Changes will be announced by an amendment or amendments to this RFP and shall be identified as such. Each Amendment shall refer to the portions of the RFP it amends. Amendments shall be sent to all parties known to have registered for and received an RFP package. The Department of Administration requires that all prospective Offerors acknowledge receipt of all amendments issued. Amendments shall be distributed to allow prospective Offerors time to consider the amendments in preparing their Proposals or other documents. The Department of Administration may extend any due date if any amendment makes compliance with the original due date impractical.

V. PRICE PROPOSALS

The Price Proposal shall not be submitted with the Offeror’s Proposal. It shall only be submitted when and if requested by the Department of Administration. After evaluation of all Proposals, any Offeror selected for negotiations will be required to submit a Price Proposal.

All Price Proposals shall include a proposed Project budget addressing both the first fiscal period and the entire time of performance. If prices for both the first fiscal period and entire time of performance

are submitted, the prices will be equally weighted in order to determine whether Offeror's price is fair and reasonable and that the contract may be awarded thereon.

A unit price shall be given for each type of service, and such unit prices shall be the same throughout any resulting contract except to the extent price adjustments may be provided in the solicitation and resulting contract. All deliverables will be payable upon completion, delivery, approval, and acceptance by the Department of Administration. Monthly or other regularly scheduled deliverables should be itemized and priced by task. Regularly recurring monthly tasks, e.g., monthly reports, quarterly reports, fiscal reports, should each be listed as discrete items and the sum of all recurring monthly costs should equal the total monthly invoicing/pricing amount for regular recurring tasks. Travel expenses must be included in the Offeror's service rates and pricing (or the hourly rates which are built into the cost of the deliverable) and may not be billed or priced separately.

W. COST OR PRICING DATA AND CERTIFICATION OF COST OR PRICING DATA

The Cost or Pricing Data shall be submitted to the Department of Administration Procurement Officer. The Cost or Pricing Data documentation is separate from Offeror's Price Proposal. The Offeror is required to keep these data current until the negotiations are completed.

In addition, a Certification of the Cost or Pricing Data will also be required from the Offeror with whom a contract is successfully negotiated. The Certification of the Cost or Pricing Data shall be separately provided to the successful Offeror by the Department of Administration when required. The Offeror shall certify as soon as practicable after the agreement is reached on price that, to the best of the Offeror's knowledge and belief, the cost or pricing data submitted are accurate, complete, and current.

Neither the Cost or Pricing Data nor a Certification of the Cost or Pricing Data shall be submitted with the Offeror's Proposal; these documents shall only be submitted when and as requested by the Department of Administration.

X. STATUS OF FUNDING & COMPLIANCE W/ FUNDING TERMS AND CONDITIONS

Funds are presently available for this solicitation. These funds are currently available from the Guam Solid Waste Authority Operational Account No. 5416A219910GA201230 Fund 416. The government's obligation under any proposed contract is contingent upon the availability of funds from which payment for contract purposes can be made. The issuance of this solicitation does not compel the award of any contract.

All Offerors are required to comply with the terms and conditions of the Department of Administration applicable funding requirements.

Y. WAGE AND BENEFIT REQUIREMENTS

Whenever the government of Guam enters into a procured contractual arrangement with an Offeror for the provision of a service to the government of Guam, and the Offeror employs a person(s) whose

purpose, in whole or in part, is the direct delivery of the service contracted by the government of Guam, then the Offeror shall pay such employee(s) in accordance with the Wage Determination for Guam and the Northern Mariana Islands issued and promulgated by the U.S. Department of Labor for such labor as is employed in the direct delivery of the contract deliverables to the government of Guam. The Wage Determination most recently issued by the U.S. Department of Labor at the time a contract is awarded to the Offeror by the government of Guam shall be used to determine the wages, which shall be paid to employees pursuant to Guam's Procurement Law, if applicable. Should any contract contain a renewal clause, then at the time of renewal adjustments, there shall be made stipulations contained in that contract for applying the Wage Determination, as required by Guam's Procurement Law, that the Wage Determination promulgated by the U.S. Department of Labor on a date most recent to the renewal date shall apply, if applicable. In addition to the required Wage Determination, any contract to which this requirement applies shall also contain provisions mandating health and similar benefits for employees, such benefits having a minimum value as detailed in the Wage Determination issued and promulgated by the U.S. Department of Labor and shall contain provisions guaranteeing a minimum of ten (10) paid holidays per annum per employee.

To ensure compliance with these provisions, Offeror must complete and attach Declaration re: Compliance with U.S. DOL Wage Determination (AG Form 006), located at Section VIII of this RFP, to the Proposal. Failure to complete, sign, and submit this document with the Proposal will result in rejection of the Proposal. Offeror must also attach the most current applicable Wage Determination issued by the U.S. Department of Labor for Guam and the Marianas Islands, located at Section X of this RFP, to the Proposal. Failure to submit this document with the Proposal will result in rejection of the Proposal.

Z. SUBCONTRACTORS

1. **Subcontractor.** A subcontractor is a person or entity who has a direct contract with the Offeror/Contractor or a higher tier subcontractor to perform a portion of the Services in this solicitation.

2. Award of Subcontracts and Other Contracts for Portions of the Services.

a. All Offerors shall furnish in writing to the Department of Administration the names of all known persons or entities proposed to provide subcontracting services on each principal portion of the Scope of Services by completing, signing, and attaching the Subcontractor Utilization Form to the Offeror's Proposal. The Department of Administration may conduct discussions with the Offeror: (1) stating whether the Department of Administration has reasonable objection to any such proposed person or entity; or (2) stating whether the Department of Administration requires additional time for review or additional information concerning the utilization of a proposed person or entity. If the Offeror fails to submit this form with its Proposal, that Offeror will be disqualified. If this occurs, the Department of Administration will select the next highest ranked qualifying Offeror for negotiations.

b. The Department of Administration, reserves the rights to object to Offeror's utilization of any subcontractor and to require substitution of the subcontractor for cause. The Offeror shall not contract with a proposed person or entity to whom the Department of Administration has made reasonable and timely objection. In the case of substitution or any other issue with subcontractors, the Offeror shall not be required to contract with anyone to whom the Offeror has made reasonable objection in writing to the Department of Administration.

c. The Offeror shall not substitute a subcontractor, person or entity set forth in its Proposal or in the Subcontractor Utilization Form, located at Section XI of this RFP, unless Offeror has obtained the written consent of the Department of Administration, or unless the Department of Administration requires such substitution. Offeror must notify the Department of Administration in writing prior to any termination or substitution of a subcontractor listed in the Proposal or Proposal Documents. Failure by the Offeror to follow these requirements shall constitute a material breach of the terms of this RFP, which may result in the termination of any awarded contract or other legally available remedies.

3. **Subcontractor Relations.** By appropriate written agreement, the Offeror shall require each subcontractor, to the extent of the Services to be performed by the subcontractor, to be bound to the Offeror by the terms of its Proposal and any resulting Contract, and to assume toward the Offeror all the obligations and responsibilities, including the responsibility for safety of the subcontractor's Services, which the Offeror assumes toward the Department of Administration. Each subcontract agreement shall preserve and protect the rights of the Department of Administration under this solicitation with respect to the Services to be performed by the subcontractor so that the subcontracting thereof will not prejudice such rights. Offeror shall have full responsibility for the satisfactory performance of the Services under the RFP, the Proposal and Proposal Documents, the Scope of Services and any conditions, plans, or specifications, and any awarded contract, for any subcontracts, which the Offeror may let.

4. **Subcontracts.** The Offeror and subcontractor(s) shall insert in any subcontracts the clauses set forth in this solicitation and any awarded contract, to include a clause requiring all subcontractors to include these clauses in any lower tier subcontracts. Therefore, all Offerors shall follow the Conflict of Interest (COI) Guidelines attached to this RFP when submitting a Proposal in response to this locally funded Department of Administration solicitation or procurement or when entering into any locally funded contract with the Department of Administration. The Offeror shall follow these COI Guidelines throughout the period during which the Offeror's Proposal is open or the contract is in effect. All Offerors shall provide the COI Guidelines and associated COI Disclosure Form to all of its Consultants and Subcontractors at any tier of a contract and shall ensure that the Offeror and each of its Consultants or Subcontractors make any disclosures required by these guidelines or as required by this RFP or any awarded Contract. The Department of Administration will follow and apply these COI Guidelines when conducting procurements. If a conflict of interest or potential conflict of interest is determined to exist, the Department of Administration will attempt to determine whether the conflict of interest can be avoided or mitigated. Before determining to withhold

an award based on conflict of interest considerations, the Department of Administration shall notify the Offeror, provide the reasons therefor, and allow the Offeror a reasonable opportunity to respond.

All Offerors must complete and submit the Conflict of Interest (COI) Disclosure Form located at Section XII of this RFP with the Offeror's Proposal. Each disclosure of a qualifying potential conflict on the Conflict of Interest Disclosure Form shall include a signed statement by the current or former Department of Administration employee of their role or proposed role for the Offeror in the particular Procurement and any resulting Contract on the "Relatives and Former Department of Administration Employees - Roles and Signatures" page of the form. Failure to complete and submit the COI Disclosure Form will result in the rejection of the Proposal.

In addition, the Affidavit shall contain the name and address of any person who has received or is entitled to receive a commission, gratuity or other compensation for procuring or assisting in obtaining business related to the Proposal for the Offeror and shall also contain the amounts of any such commission, gratuity or other compensation. Any Offeror selected for negotiations must keep this Affidavit current through the date that a Notice of Award is issued in this procurement. A Proposal from any Offeror listing a person with a potential conflict of interest on the Affidavit will be rejected in accordance with the Conflict of Interest Guidelines attached to this RFP. The Affidavit shall be open and available to the public inspection and copying. This Affidavit Disclosing Ownership and Commissions attached to this RFP must be completed and returned with the Offeror's Proposal. L. PROPOSALS

The Offeror is required to read each and every page of its Proposal and by the act of submitting a

Erasures or other changes in a Proposal must be explained or noted over the signature of the Offeror. Proposals containing any conditions, omissions, unexplained erasures or alterations, items not called for in the Proposal, or irregularities of any kind may be rejected by the Department of Administration in whole or in part.

Q. CLARIFICATION/DISCUSSION OF PROPOSALS

After the receipt and opening of Proposals and at its option, the Department of Administration or its designee(s), may conduct discussions with Offerors that have submitted timely, valid Proposals for the purpose of clarification, to assure full understanding and responsiveness to the solicitation requirements, as permitted under Guam's Procurement Law and Guam's Procurement Rules and Regulations. In conducting discussions there shall be complete confidentiality of any information derived from Proposals submitted by competing Offerors.

R. EVALUATION FOR SELECTION

Upon the receipt of all Proposals, a selection team will be convened to select the most responsive and qualified Offerors. The Department of Administration may conduct discussions with any Offeror to determine the Offeror's qualifications and/or to explore the scope and nature of the Services, the Offeror's proposed method of performance and the relative utility of alternative methods of approach to the Project. Following the validation of qualifications or other discussions, the Department of Administration or its designee(s), will select in the order of their respective qualification and evaluation ranking, no fewer than three acceptable Proposals (or such lesser number if fewer than three acceptable Proposals were received) by Offerors deemed to be qualified to provide the Services, and the Proposals shall be ranked in accordance with their evaluation scores.

S. RESPONSIBILITY OF OFFERORS

Before awarding a contract to an Offeror, the Department of Administration must be satisfied that the Offeror is responsible. Offerors shall supply information requested by the Department of Administration concerning the responsibility of the Offeror. The unreasonable failure of an Offeror to promptly supply information in connection with an inquiry with respect to responsibility may be grounds for a determination of non-responsibility with respect to such Offeror. In determining the responsibility of the best-qualified Offeror, the Department of Administration shall be guided by the following:

1. The Offeror's current capability in all respects to perform fully the contract requirements;
2. The Offeror's current integrity and reliability which will assure good faith performance;
3. Whether the Offeror has available the appropriate financial, material, equipment, facility, and

personnel resources and expertise, or the ability to obtain them, necessary to indicate its capability to meet all contractual requirements;

4. The Offeror's satisfactory record of integrity with regard to previous contracts and contract awards;
5. The Offeror's satisfactory record of performance with regard to previous contracts and contract awards;
6. Whether the Offeror has qualified legally to contract with the government of Guam; and
7. Whether the Offeror has supplied all necessary information in connection with any inquiry concerning responsibility.

T. SELECTION OF BEST-QUALIFIED OFFEROR

Upon the conclusion of the discussion and evaluations procedures as provided under this RFP and Guam's Procurement Law, the Department of Administration shall notify the selected Offerors of their rankings with the intent to begin negotiating a contract with the highest ranked and best-qualified Offeror first.

U. NEGOTIATION AND AWARD OF CONTRACT

The Department of Administration shall negotiate a contract with the best-qualified Offeror for the Services at a compensation determined in writing by the Department of Administration to be fair and reasonable. The Department of Administration reserves the right to contract for the work hereunder in planned phases which is dependent upon need and funding availability. Contract negotiations will be directed toward: (1) making certain that the Offeror has a clear understanding of the scope of work, specifically, the essential requirements involved in providing the Services; (2) determining that the Offeror will make available the necessary personnel and facilities to perform the services within the required time; and (3) agreeing upon compensation which is fair and reasonable, taking into account the estimated value of the Services, and the scope, complexity and nature of such services. Additionally, pursuant to 5 GCA, Ch. 5 § 5216 (d) (e), if the Offeror is selected for negotiations, the Department of Administration and the Offeror "must negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed." *Id.*

1. Successful Negotiation of Contract with Best-Qualified Offeror: If compensation, contract requirements, and contract documents can be agreed upon with the best-qualified Offeror, the contract will be awarded to that Offeror.

2. Failure to Negotiate Contract with Best-Qualified Offeror: If compensation, contract requirements or contract documents cannot be agreed upon with the best qualified Offeror, a written record stating the reasons therefore shall be placed in the file and the Department of Administration will advise such Offeror of the termination of negotiations which shall be confirmed by written notice within three (3) days. Upon failure to negotiate a contract with the best-qualified Offeror, the Department of Administration will enter into negotiations with the next most qualified Offeror. If negotiations again fail, negotiations will be terminated as provided in this Paragraph and commence with the next most qualified Offeror.

3. Notice of Award: Written notice of award will be issued to the Offeror with whom a contract is successfully negotiated and will be public information, which is made a part of the contract file.

4. Failure to Negotiate Contract with Offerors Initially Selected as Qualified: Should the Department of Administration be unable to negotiate a contract with any of the Offerors initially selected as qualified Offerors, Proposals may be re-solicited or additional Offerors may be selected based on original, acceptable Proposal submissions in the order of their respective qualification ranking and negotiations may continue in accordance with the procedures and process herein specified.

V. ACCESS TO RECORDS, INSPECTION, AND AUDIT REVIEW

The Department of Administration, the Public Auditor and any of their authorized representatives must have the right of access to any documents, papers, or other records of the Offeror which are pertinent to the contract, in order to make audits, examinations, excerpts, and transcripts, and to inspect supplies and services and audit records at any Offeror or proposed subcontractor's facility or place of business and perform tests both: prior to award of a contract, to determine the Offeror's responsibility and capability of performing any contract to be awarded under a solicitation, and to determine whether the Offeror's or subcontractor's facilities, supplies, or services conform to solicitation requirements; or after award, to determine whether the awarded Offeror is conforming to contract requirements, and its performance is therefore acceptable. This right also includes timely and reasonable access to the Offeror's personnel for the purpose of interview and discussion related to such documents. By submitting a Proposal in response to this RFP, the Offeror agrees to abide by the following access, audit, and inspection terms:

- a) *Access to Records and Retention.* The Offeror, including its subcontractors, if any, agrees that it shall maintain and retain all books, documents, papers, accounting records and other evidence pertaining to costs incurred and relative to its cost or pricing data, and shall make such materials available at all reasonable times after submission of its Proposal, during any awarded contract term, and for three (3) years from the date of final payment under any awarded contract, for inspection in Guam or at any reasonable location designated by the Department of Administration, the Public Auditor, and authorized representatives, unless the Offeror is notified in writing by the Department of Administration, the cognizant agency for audit, the oversight agency for audit, the cognizant agency for indirect costs, or the Department of Administration to extend the retention period. If any litigation, claim, or audit is started before the expiration of the three-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. Records for real property and equipment acquired with the funds from the awarded contract must be retained for three (3) years after final disposition of the real property and equipment. Each subcontract by the Offeror shall include a provision containing the conditions of this Paragraph for any contract awarded under this solicitation.
- b) *Right to Audit.* Offeror shall establish and maintain a reasonable accounting system that enables the Department of Administration, the Public Auditor or any of their authorized

representatives to readily identify Offeror's assets, expenses, costs of goods, and use of funds. The Department of Administration, the Public Auditor, and its authorized representatives shall have the right to audit, to examine, and to make copies of or extracts from all financial and related records (in whatever form they may be kept, whether written, electronic, or other) relating to or pertaining to its Proposal or this solicitation which are kept by or under the control of the Offeror, including, but not limited to those kept by the Offeror, its employees, agents, assigns, successors, and subcontractors. Such records shall include, but not be limited to, accounting records, written policies and procedures; subcontract files (including Proposals of successful and unsuccessful bidders, bid recaps, etc.); all paid vouchers including those for out-of-pocket expenses; other reimbursement supported by invoices; ledgers; cancelled checks; deposit slips; bank statements; journals; original estimates; estimating work sheets; contract amendments and change order files; back-charge logs and supporting documentation; insurance documents; payroll documents; timesheets; memoranda; and correspondence. Offeror shall, at all times during the term of any awarded contract and for a period of three (3) years after the date of final payment under any awarded contract, maintain such records, together with such supporting or underlying documents and materials. The Offeror shall at any time requested by the Department of Administration, the Public Auditor or any of their authorized representatives whether before, during, or after completion of an awarded contract, and at Offeror's own expense make such records available for inspection and audit (including copies and extracts of records as required) by the Department of Administration. Such records shall be made available to the Department of Administration, the Public Auditor, or any of their authorized representatives during normal business hours at the Offeror's office or place of business and subject to a three-day written notice. In the event that no such location is available, then the financial records, together with the supporting or underlying documents and records, shall be made available for audit at a time and location that is convenient for the Department of Administration, the Public Auditor, or any of their authorized representatives. Offeror shall ensure the Department of Administration, the Public Auditor, or any of their authorized representatives has these rights with Offeror's employees, agents, assigns, successors, and subcontractors, and the obligations of these rights shall be explicitly included in any subcontracts or agreements formed between the Offeror and any subcontractors to the extent that those subcontracts or agreements relate to fulfillment of the Offeror's obligations to the Department of Administration, the Public Auditor, or any of their authorized representatives. Costs of any audits conducted under the authority of this right to audit and not addressed elsewhere will be borne by the Department of Administration, or the Public Auditor, or any of their authorized representatives unless certain exemption criteria are met. If the audit identifies overpricing or overcharges (of any nature) by the Offeror to the Department of Administration in excess of one-half of one percent (.5%) of the total contract billings, the Offeror shall reimburse the Department of Administration for the total costs of the audit. If the audit discovers substantive findings related to fraud, misrepresentation, or non-performance, the Department of Administration may recoup the costs of the audit work from the Offeror. Any adjustments and/or payments that must be made as a result of any such audit or inspection of the Offeror's invoices and/or records shall be made within a reasonable amount of time (not to exceed 90 days) from presentation of the Department of Administration, the Public Auditor, or any of their authorized representatives' findings to Offeror.

- c) *Right to Enter and Inspect.* The Department of Administration, the Public Auditor, or any of their authorized representatives may be subject to a three-day written notice to enter and inspect an Offeror's or subcontractor's facilities, place(s) of business, or any place(s) of performance of any awarded contract relating to Offeror's Proposal or this solicitation, or any contract awarded pursuant to this solicitation. The Department of Administration, the Public Auditor, or any of their authorized representatives may enter and inspect any plans, supplies, services, equipment, work and records at these locations which are related to the performance of any awarded contract and may conduct any testing deemed necessary to determine the Offeror's or subcontractor's compliance or conformity to the solicitation or contract requirements. The Department of Administration, the Public Auditor, and/or any authorized representatives may enter and audit the cost or pricing data, books, and records of the Offeror or any subcontractor, and/or investigate in connection with an action to debar or suspend a person from consideration for award of contracts pursuant to 2 GAR, Div. 4, § 9102 (Authority to Debar or Suspend) of the Guam Procurement Rules and Regulations, or any applicable federal debarment provisions.

W. LOCAL PROCUREMENT POLICY

No specification, term, condition, or qualification of this RFP shall exclude any Offeror from consideration on the basis of Guam-only experience provided that the experience of such Offeror is otherwise responsive to the solicitation, in accordance with the requirements of 5 GCA § 5008(e).

X. RELATIONS WITH OTHER GOVERNMENT AGENCIES

All directions within the scope of the RFP and the awarded contract will be issued by the Public Auditor and the Director of the Department of Administration; Offerors and any awarded Contractor shall not accept such direction from others. Information provided by other government agencies or entities which seemingly conflicts with information provided by the Public Auditor and the Director of the Department of Administration in this solicitation will be discussed with the Public Auditor and the Director of the Department of Administration immediately. This policy is not intended to prevent the Offerors or any awarded Contractor from obtaining necessary information from other governmental agencies or entities.

Y. OBLIGATIONS OF THE OFFEROR

The Offeror shall be responsible for the professional and technical accuracy of its Proposal and the coordination of all designs, drawings, specifications in its Proposal, and all designs, drawings, specifications, and any other work, services, and materials furnished under any awarded contract. The Offeror shall, without additional cost to the Department of Administration or the government of Guam, correct and revise all errors or deficiencies in its Proposal, and if awarded a contract, shall correct and revise all errors or deficiencies in its designs, drawings, specifications, and in its work services, or materials furnished by the Offeror, if found to be defective by the Public Auditor or the Department of Administration.

The Offerors are responsible for securing all approvals for entry onto private property.

Z. GUAM DEBARMENT

Offeror warrants that it will comply with the provisions of 5 GCA Chapter 5 Articles 9 and 11, subject to debarment or suspension, and if awarded a contract under this RFP that it will not employ any subcontractors who have been debarred by the government of Guam.

Section III.

SCOPE OF SERVICES

Department of Administration Guam Solid Waste Authority Independent Financial Audit

The work performed under this Scope of Services shall consist of a regionally recognized U.S. Certified Public Accountant Firm/Individual with general knowledge, skill, and experience in auditing financial statements and Federal awards compliance of State and local governments. Solicitation for this RFP covers independent financial auditing services for the Government of Guam Solid Waste Funds and those funds related to the Government of Guam Limited Obligations (Section 30) Bonds 2009 Series (Government of Guam Solid Waste Funds) for FY 2021, 2022 and 2023. DOA and GSWA, with the approval of the Public Auditor, retains the option to renew the contract for one (1) additional year of service.

BACKGROUND

On February 2004, the U.S. Environmental Protection Agency and the U.S. Department of Justice filed a Consent Decree in the U.S. District Court that included deadlines for the opening of a new landfill and implementing the Ordot Dump closure plan. After several years of Government of Guam's (GovGuam) failure to meet any of the stipulated deadlines under the Consent Decree, the U. S. District Court placed the Solid Waste Division (SWD) of the Department of Public Works (DPW) under federal receivership and appointed federal receiver Gershman, Brickner & Bratton, Inc. (GBB) in March 2008. The Receiver was given full power and authority to enforce the terms of the Consent Decree, including the closure of Ordot Dump and opening of a new landfill, and assume all of the responsibilities for the operations of DPW's SWD.

Public Law (P.L.) 31-20 signed into law by Governor Eddie Baza Calvo, enacted the Guam Solid Waste Authority Act, which allowed SWD, a sub-entity of DPW, to continue in existence as an autonomous, public corporation, referred to as the Guam Solid Waste Authority (GSWA). All the powers vested in GSWA shall be exercised by a Board of Directors comprised by five members, appointed by the Governor with the advice and consent of the Legislature.

The Department of Administration (DOA) accounts for the GSWA's transactions under the Guam Solid Waste Funds, which is a major fund of GovGuam. Title 1 Guam Code Annotated (GCA) § 1921 authorized the Public Auditor to oversee audits of autonomous agencies and instrumentalities of the GovGuam, to include the Guam Solid Waste Authority.

The Government of Guam Solid Waste Funds was created by P.L. 24-272 to provide solid waste collection and disposal services and a financing source for GovGuam's costs directly related to the closure and post-closure of the solid waste landfill. Revenues are derived from tipping, user and other associated fees to be used solely for solid waste management practices.

In June 2009, \$202.4 Million (M) Limited Obligation (Section 30) Bonds, 2009 Series A, were issued for the purpose of constructing a new landfill, closure of Ordot Dump, prepaying a bank loan and funding capitalized interest and are backed by full faith and credit of GovGuam, payable solely from and collateralized by a pledge of Section 30 federal income tax collections. The Capital Projects Fund is used to account for bond proceeds from the issuance of Limited Obligation (Section 30) Bonds, 2009 Series A. The Debt Service Fund is used to account for funds required by the bond indenture to redeem bond principal and to pay bond interest as they become due. The accounting of these Bonds is done by DOA.

The Ordot Dump was finally closed in August 2011. The Consent Decree also stipulates that the Ordot Dump be environmentally closed in compliance with the engineering standards and regulations required by the U.S. Environmental Protection Agency. The Receiver continues engineering design work on the Ordot Dump so that plans can be drawn up and approved by the regulatory agencies for the environmental closure of Ordot Dump in a manner that protects both human and environmental health.

A court order issued in May 2016 adopted the Receiver's transition of GSWA operations to GovGuam beginning in 2018 and proposed financial plan for the Ordot Dump post closure care. The Receiver's proposed financial plan includes beginning fiscal year (FY) 2016 through approximately FY 2023, \$2M will be set aside annually and deposited into the Ordot Dump Post Closure Reserve. The transition, however, is conditional upon barring circumstances.

On April 24, 2019, the Court issued an order regarding Partial End of Receivership turning day-to-day operations of GSWA from the Receiver to GSWA management, effective May 1, 2019. The Receiver's remaining responsibilities include the approval of Ordot Dump Post Closure Care Plan by the U.S. Environmental Protection Agency (USEPA) and Guam Environmental Protection Agency, and the issuance of a Post Closure Permit.

In July 2019, GovGuam issued \$27.6 million in 2019 Series A General Obligation Bonds to pay for the construction of Cell 3 for the Layon Landfill and pay bond related costs. GSWA will be transferring funds to the General Fund based on a continuing covenant agreement with GovGuam to fund the debt service payments of approximately \$3 million annually.

Note: Executive Order (EO) 13706 Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness injury or other health-related needs including preventive care; to assist a family member (or person who is like family to the employee) who is ill injured or has other health-related needs including preventive care; or for reasons resulting from or to assist a family member (or person who is like family to the employee) who is the victim of domestic violence sexual assault or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.54 per hour up to 40 hours per week or \$181.60 per week or \$786.93 per month

HEALTH & WELFARE EO 13706: \$4.22 per hour up to 40 hours per week or \$168.80 per week or \$731.47 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the

present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Independence Day Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;

(2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;

(3) The design documentation testing creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime

(i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as screening blending drying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to

work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However in those instances where the uniforms furnished are made of "wash and wear" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by

any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR

4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

- 3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

Section XIII. CONFLICT OF INTEREST GUIDELINES

Offerors shall follow these Conflict of Interest (COI) Guidelines when submitting any Proposal in response to a locally funded Department of Administration solicitation or procurement or when entering into any locally funded Contract with the Department of Administration. The Contractor shall follow these COI Guidelines throughout the period during which the Proposal is open or the Contract is in effect. An Offeror shall provide the COI Guidelines and associated COI Disclosure Form to all of its Subconsultants and Subcontractors at any tier of a Proposal or Contract and shall ensure that the Offeror and each of its Subconsultants or Subcontractors make any disclosures required by these guidelines or as required by a specific Procurement or Contract. The Department of Administration will follow and apply these COI Guidelines when conducting Department of Administration procurements.

1. Definitions.

The definitions that apply to these COI Guidelines and the Department of Administration's COI Disclosure Form are at the end of this document.

2. Required Disclosures.

Submittal of a Correct and signed COI Disclosure Form is required if any of the following apply (note that for the purposes of these COI Guidelines "Public Employee" includes all Department of Administration employees):

- an Offeror or any of its Associates have any Apparent, Potential or Actual Conflicts of Interest per these COI guidelines or per the criteria of any COI Form included as part of a Procurement or Contract;
- a Procurement or Contract document specifically requires submittal of a COI Disclosure Form (e.g., if the prospective Project includes preparation of an Environmental Impact Statement or Environmental Assessment, submittal of COI Disclosure Forms is always required.);
- an Offeror has any changes to its staffing or organization (whether before or after entering into a Contract) that result in an Apparent, Potential or Actual Conflict of Interest per these guidelines or per the criteria of any COI form associated with a particular Procurement or Contract. Any such changes shall be disclosed within 10 business days via submittal of a complete and signed COI Disclosure Form.
- the response to any of the following questions is "yes" (with respect to a Procurement or current Contract with the Department of Administration):

4. Did the Offeror or any Associate of the Offeror conduct prior work on the Project described in the Procurement, or participate in preparing any part of the Procurement or any documents or reports related to the Procurement or to which the Procurement refers?
5. Does the Offeror or any Associate of the Offeror have any past, present or currently planned interests which are an Actual, Apparent or Potential Conflict of Interest (“Individual” or “Organizational”) with respect to performing the work for the Department of Administration?
6. 7. Has (or will) the Offeror or an Associate of the Offeror provided a direct beneficial financial interest to any person within one year after the person ceased to hold a position as a Public Employee who was involved in the Procurement or Authorization for the Contract, or is the Offeror aware of any such person or Public Employee who has or will receive a direct beneficial financial interest within the one-year period?
8. Is the Offeror aware of any current or former Public Employee that has an Actual, Apparent or Potential Conflict of Interest with respect to the Procurement or award of this Contract or performing the work for the Department of Administration?
9. If a Procurement is to obtain personal services for the purpose of administering, managing, monitoring, inspecting, evaluating compliance with or otherwise overseeing a public contract, is the Offeror or an Associate or an Affiliate of the Offeror a party to the subject public contract?
10. Has the Offeror or any Associate of the Offeror entered into any contract(s) with the Department of Administration for the purpose of advising or assisting in developing any part of the solicitation documents, including specifications, requirements, a scope or statement of work, an invitation to bid, a request for proposals or other documents and materials used in, or related to this procurement?

If none of the foregoing apply, an Offeror shall provide a written and signed certification (specified by the Department of Administration) that the Offeror has read and complied with these COI Guidelines and the COI Disclosure Form and did not answer Yes to any of the questions, or, if required by the Department of Administration, the Offeror shall complete and submit a Correct and signed COI Disclosure Form.

An Offeror shall incorporate in each required COI Disclosure Form any COI disclosure information provided by its staff and attach COI Disclosure Forms from each of its Subcontractors (that have required disclosures of conflicts or potential conflicts of interest), prior to such Offeror performing any services under a Contract.

The COI Disclosure Form is attached to the solicitation as a mandatory form that must be signed and submitted with Offeror’s Proposal.

3. Governing Standards.

Both Guam and federal laws govern disclosure and management of conflicts of interest in contracting processes. The disclosure requirements of these COI Guidelines apply to all the Department of Administration contracting activities {Architectural and Engineering (A&E) and non-A&E, public improvements, goods, and trade services} without regard to which particular federal or Guam laws govern the activity. There are also Standards of Conduct Policies for

conflicts of interest regarding current Department of Administration employees, and the employment of former Department of Administration employees, which are applicable to this procurement, and are explained below.

Standards of Conduct Policy Regarding Former Department of Administration Employees

When employees of firms which compete for or have Contracts with the Department of Administration come to work for the Department of Administration, and when the Department of Administration employees go to work for firms which compete for or have Contracts with the Department of Administration, a Potential Conflict of Interest may exist.

Use of a former the Department of Administration employee by an Offeror on the same, or substantially similar Procurement, for which the employee performed a role or function for the Department of Administration, unless mitigated to the satisfaction of the Department of Administration, is prohibited for a period of one year following separation of employment with the Department of Administration. Roles and functions of particular concern include drafting specifications or statements of work, reviewing or scoring a bid or proposal, authorizing service or assigning work, awarding a Contract, administering a Contract, or overseeing Contractor's performance. The Department of Administration may determine that the role or Procurement is not substantially similar because of differences in location of the Project or work, because of the type and method of Procurement, because the employee did not participate personally or substantially in the procurement, because the role performed was minor in nature, such as a technical sufficiency review, or because the Civil Service Commission has granted the employee an applicable waiver. Examples of mitigation that may, in appropriate situations, be acceptable to the Department of Administration include separation of certain decision-making functions concerning the Project, not using the employee in preparation of proposals but allowing them to perform work on the Project, and not having the employee have direct contact with the Department of Administration staff formerly under his/her supervision.

For each Procurement, Offerors shall disclose to the Department of Administration the identification of any of Offeror's employee(s) that had been employed by the Department of Administration within the twelve-month period prior to the submission date for the Proposal or bid. Each Offeror's disclosure shall include a signed statement by the former the Department of Administration employee of their proposed role for the Offeror in the particular Procurement and any resulting Contract. The knowing failure of an Offeror to disclose such relationship or to remedy such potential violation will result in the rejection of the Offeror's Proposal or cancellation of any awarded Contract with the Department of Administration as well as constituting grounds for cancellation of any Offeror's pre-qualification status, or designation of an Offeror as ineligible for future Procurements as a non-responsible bidder or offeror. (Also see below regarding the ban on any direct beneficial or financial interest.)

Standards of Conduct Regarding Current Department of Administration Employees **Conflicts of Interest**

The Guam Procurement Law statutory and regulatory framework, as generally applied, addresses conflicts of interest in public contracting by emphasizing the need for open and impartial Procurement methods and by prohibiting certain conflicts of interest involving public officials. The following statutes and administrative rules establish Guam's general policies and the restrictions and prohibitions regarding conflicts of interest for public contracts and Public Employees:

- The policies of the Guam Procurement Law (5 GCA § 5001, et seq) encourage public contracting competition that supports openness and impartiality to the maximum extent possible, while recognizing that the nature of effective and meaningful competition depends upon the service being procured.
- According to 5 GCA §§ 5001(b), 5003, and 5625, a sound and responsive public contracting system should instill public confidence through ethical and fair dealing, honesty, and good faith on the part of government officials and those who do business with the government.
- Article 11 of the Guam Procurement Law, Ethics in Public Contracting, and Article 2 of the Standards of Conduct for Elected Officers, Appointed Officers and Public Employees of the government of Guam prohibit conflicts of interest of Public Employees and prohibit Public Employees from obtaining outside financial benefits for the exercise of their official duties. Among the prohibitions are offering a public employee a fee, a pledge of future employment, or anything valued in excess of \$200 based on an understanding that the offer would influence the public employee’s official action or judgment.
- 5 GCA § 5632(a) provides the following: “Contemporaneous Employment Prohibited. Except as may be permitted by regulations pursuant to this Chapter or pursuant to Title 4 GCA, or rulings of the Civil Service Commission pursuant to this Chapter, it shall be a breach of ethical standards for any employee who is participating directly or indirectly in the procurement process to become or be, while such an employee, the employee of any person contracting with the governmental body by whom the employee is employed. Notice of this provision shall be provided in accordance with regulations promulgated by the Civil Service Commission.”
- 5 GCA § 5632(c) and (d) provide the following: “(c) Disqualification of Business When an Employee Has a Financial Interest. It shall be a breach of ethical standards for a business in which an employee has a financial interest knowingly to act as a principal, or as an agent for anyone other than the Territory, in connection with any:
 - (1) judicial or other proceeding, application, request for a ruling or other determination;
 - (2) contract;
 - (3) claim; or
 - (4) charge or controversy; in which the employee either participates personally and substantially through decision, approval, disapproval, recommendation, the rendering of advice, investigation or otherwise, or which is the subject of the employee’s official responsibility, where the Territory is a party or has a direct and substantial interest.
 (d) Selling to the Territory After Termination of Employment is Prohibited. It shall be a breach of ethical standards for any former employee, unless the former employee’s last annual salary did not exceed Twelve Thousand Dollars (\$12,000.00), to engage in selling or attempting to sell supplies, services other than personal services, or construction to the Territory for ninety (90) days following the date employment ceased.

The term sell as used herein means signing a bid, proposal, or contract; negotiating a contract, contracting any employee for the purpose of obtaining, negotiating or discussing changes in specifications, price, cost allowances or other terms of a contract; settling disputes concerning performance of a contract; or any other liaison activity with a view toward the ultimate consummation of a sale although the actual contract therefor is subsequently negotiated by another person; provided, however, that this Section is not intended to preclude a former employee from accepting employment with private industry solely because the former employee’s employer is a contractor with this Territory, nor shall a former employee be precluded from serving as a consultant to this Territory.”

- 4 GCA § 15201 states: “No employee shall solicit, accept, or receive, directly or indirectly, any gift valued singly or in the aggregate from a single source in excess of \$200, whether in the form of money, prize, service, loan, travel, entertainment, hospitality, thing or promise, or in any other form, when a reasonable person would infer that the gift is intended to influence the employee in the performance of that individual's official duties or is intended as a reward for any official action on that individual's part.”
- 4 GCA § 15204 (a), (b), (c), and (d) provide: “No employee shall use or attempt to use an official position to secure or grant unwarranted privileges, exemptions, advantages, contracts, or treatment, for himself or herself, a spouse, children, or others, including but not limited to the following:
 - (a) seeking other employment or contract for services by the use or attempted use of the individual's office or position;
 - (b) accepting, receiving, or soliciting compensation for the performance of official duties or responsibilities except as provided by law;
 - (c) using government time, equipment, or other facilities for private business purposes;
 - (d) soliciting, selling, or otherwise engaging in a financial transaction with a subordinate or a person or business whom the employee inspects or supervises in official capacity.”
- 4 GCA § 15205 (a), (b), (c), (d), and (e) provide: “Conflicts of Interest.
 - (a) No employee shall take any official action directly affecting:
 - (1) business or other undertaking in which the employee has a financial interest; or
 - (2) private undertaking in which the employee is engaged as legal counsel, advisor, consultant, representative, or other agency capacity. A department head who is unable to be disqualified on any matter described in item (1) or (2) of this Subsection may be in violation of this Subsection even if the individual has complied with the disclosure requirements of § 15208; and a person whose position on a board, commission or committee is mandated by statute, resolution or executive order to have particular qualifications shall only be prohibited from taking official action that directly and specifically affects a business or undertaking in which such person has a financial interest; provided that the financial interest is related to the member's particular qualifications.
 - (b) No employee shall acquire financial interests in any business or other undertaking which the employee has reason to believe may be directly involved in official action to be taken by the employee.
 - (c) No employee shall assist any person or business or act in a representative capacity before any territorial agency for any compensation in any transaction involving the Territory.
 - (d) No employee shall assist any person or business or act in a representative capacity for a fee or other compensation to secure passage of a bill or to obtain a contract, claim, or other transaction or proposal in which the employee has participated or will participate as an employee, nor shall the employee assist any person, or business, or act in a representative capacity for a fee or other compensation on such bill, contract, claim, or other transaction or proposal before the Legislature or territorial agency of which the individual is an employee.
 - (e) No employee shall assist any person or business or act in a representative capacity before a territorial agency for a fee or other compensation, on any bill, contract, claim, or other transaction or proposal involving official action by the agency if the employee has official authority over that agency unless such employee has complied with the disclosure requirements of § 15208.”
- 4 GCA § 15206 states: “Contracts.
 - (a) A territorial agency shall not enter into any contract with an employee or with a business in which an employee has a controlling interest, unless the contract has been awarded through an

open, public process. A territorial agency may, however, enter into such contract without resort to competitive bidding process when, in the opinion of the General Services Agency or the procurement officer of that branch of government, the property or services does not fall within the purview of competitive bidding; provided that written justification for the non-competitive award of such contract be made a matter of public record and shall be filed with the Guam Ethics Commission at least ten (10) days before such contract is entered into. With regards to members of boards, commissions, and committees, this Subsection shall apply only to contracts entered into between a business in which a member has a controlling interest and a territorial agency in which the board, commission, or committee to which the individual is appointed has jurisdiction.

(b) A territorial agency shall not enter into a contract with any person or business which is represented or assisted in a material manner in the matter by a person who has been an employee of that agency within the preceding twelve (12) months and who participated while in 8 territorial office or employment in a material manner in the matter with which the contract is directly concerned.”

The Department of Administration COI Guidelines embody the intent of encouraging competition through openness, impartiality, and public disclosure of relevant information (and the avoidance of conflicts of interest) as described in Guam’s Procurement Law, Title 5, Chapter 5, Article 11, Ethics in Public Contracting; Title 4, Chapter 15, Standards of Conduct for Elected Officials, Appointed Officers, and Public Employees of the government of Guam, The Guam Department of Administration Personnel Code of Conduct and the Department of Administration’s aforelisted Standards of Conduct Policies or any other applicable governmental ethics policies.

The one-year prohibition against a Public Employee having a direct beneficial financial interest in a public contract as provided in 5 GCA § 5632(b) would generally preclude the person from working under the public contract and from representing the Offeror in dealings with the public agency for whom the person had worked. Sharing in the general profits of the Offeror (such as a year-end bonus for overall corporate profits) is likely not a direct beneficial financial interest, however, a bonus or other compensation paid just on the basis of the public contract would be subject to the prohibition.

Standards of Conduct for Offerors and Contractors, and Organizational Conflicts of Interest Policy

It is the policy of the Department of Administration to avoid, neutralize, or mitigate organizational conflicts of interest that might exist for all procurements. Each individual contracting situation shall be examined on the basis of its particular facts and the nature of the proposed contract. The exercise of common sense, good judgment, and sound discretion is required in both the decision on whether a significant potential conflict exists and, if it does, the development of an appropriate means for resolving it. The principles underlying this policy are: (1) preventing the existence of conflicting roles that might bias an Offeror’s judgment; and (2) Preventing unfair competitive advantage. In addition to the other situations described in these COI Guidelines, an unfair competitive advantage

exists where an Offeror competing for award of any the Department of Administration contract possesses: (1) proprietary information that was obtained from a Public Employee without proper authorization; or (2) source selection information that is relevant to the contract but is not available to all competitors, and such information would assist that Offeror in obtaining the contract.

The following situations constitute organizational conflicts of interest. This listing is not exhaustive:

- A conflict of interest exists when an Offeror that provides systems engineering and technical direction for a system is awarded a contract to supply the system or any of its major components; or is a subcontractor or consultant to a supplier of the system or any of its major components; even if the Offeror did not have overall contractual responsibility for the system's development, its integration, assembly, and checkout, or its production. In this example, systems engineering includes a combination of substantially all of the following activities: determining specifications, identifying and resolving interface problems, developing test requirements, evaluating test data, and supervising design. Technical direction includes a combination of substantially all of the following activities: developing work statements, determining parameters, directing other contractors' operations, and resolving technical controversies. In performing these activities, a contractor occupies a highly influential and responsible position in determining a system's basic concepts and supervising their execution by other contractors. Therefore, this Offeror should not be in a position to make decisions favoring its own products or capabilities.
- A conflict of interest exists when an Offeror develops, prepares, furnishes, or drafts any specifications, requirements, statements of work, scope of services, invitations for bids, or requests for proposals related to a solicitation covering non-developmental items, to be used in a competitive procurement, and also submits a proposal or bid to be allowed to furnish these items, either as a prime contractor or as a subcontractor, for a reasonable period of time including, at least, the duration of the initial contract.
- If a single contractor develops, prepares, furnishes, or drafts any specifications, requirements, statements of work, scope of services, invitations for bids, or requests for proposals related to a solicitation for non-developmental equipment, that contractor should be eliminated for a reasonable time from competition for production based on the specifications. This should be done in order to avoid a situation in which the contractor could draft specifications favoring its own products or capabilities. In this way the Government can be assured of getting unbiased advice as to the content of the specifications and can avoid allegations of favoritism in the award of production contracts.
- When an Offeror develops, prepares, furnishes, or drafts any specifications, requirements, statements of work, scope of services, invitations for bids, or requests for proposals related to a solicitation to be used in competitively acquiring a system

or services, or provides material leading directly, predictably, and without delay to such a statement of work, scope of services, or technical specifications, it is a conflict of interest if that Offeror submits a Proposal or bid to supply the system, major components of the system, or the services, unless:

- (i) It is the sole source;
- (ii) It has participated in the development and design work; or
- (iii) More than one contractor has been involved in preparing the statement of work, scope of services, or technical specifications.

- Agencies should normally prepare their own statements of work, and scopes of services. When contractor assistance is necessary to develop, prepare, furnish, or draft any specifications, requirements, statements of work, scope of services, invitations for bids, or requests for proposals related to a solicitation, the contractor is in a position to favor its own products or capabilities. To overcome the possibility of bias, Offerors are prohibited from supplying a system or services acquired on the basis of a statement of work or scope of services growing out of their services, unless:
 - (i) It is the sole source;
 - (ii) It has participated in the development and design work; or
 - (iii) More than one contractor has been involved in preparing the statement of work, scope of services, or technical specifications.
- It is a conflict of interest for a contractor to participate in the evaluation of products or services that it offers. Contracts for the evaluation of offers for products or services shall not be awarded to an Offeror that will evaluate its own offers for products or services, or those of a competitor.

The following situations are not considered to constitute organizational conflicts of interest. This list is not exhaustive:

- In development work, it is normal to select firms that have done the most advanced work in the field. These firms can be expected to design and develop around their own prior knowledge. Development contractors can frequently start production earlier and more knowledgeably than firms that did not participate in the development, and this can affect the time and quality of production, both of which are important to the Government. In many instances the Government may have financed the development. Thus, while the development contractor has a competitive advantage, it is an unavoidable one that is not considered unfair; hence this is not considered an organizational conflict of interest.
- It is not an organizational conflict of interest for Offerors that furnish, at Government request, specifications or data regarding a product they provide, even though the specifications or data may have been paid for separately or in the price of the product.
- It is not an organizational conflict of interest where Offerors, acting as industry representatives, help Government agencies prepare, refine, or coordinate
- specifications, regardless of source, provided this assistance is supervised and controlled by Government representatives.

It is further the policy of the Department of Administration to restrict Offeror's use of confidential or proprietary information obtained from previous affiliations with the Department of Administration or the Government when competing for the Department of Administration contracts. When a contractor requires proprietary information to perform a Government contract and can use the leverage of the contract to obtain it, the contractor may gain an unfair competitive advantage unless restrictions are imposed. These restrictions protect the information and encourage companies to provide it when necessary, for contract performance. They are not intended to protect information: (1) furnished voluntarily without limitations on its use; or (2) available to the Government or contractor from other sources without restriction.

In addition, a contractor that gains access to proprietary information of other companies in performing advisory and assistance services for the Government must agree with the other companies to protect their information from unauthorized use or disclosure for as long as it remains proprietary and refrain from using the information for any purpose other than that for which it was furnished. The Offeror shall provide the Department of Administration with copies of these agreements and ensure that they are properly executed.

Contractors also obtain proprietary and source selection information by acquiring the services of marketing consultants which, if used in connection with an acquisition, may give the contractor an unfair competitive advantage. Contractors should make inquiries of marketing consultants to ensure that the marketing consultant has provided no unfair competitive advantage, and must disclose these relationships to the Department of Administration on the COI Disclosure Form.

4. COI Considerations Related to Previous Work on Projects.

No Offeror that has previously performed services on behalf of the Department of Administration for a Project may be a Proposer or participate as an equity owner, team member, Subcontractor of or to a Proposer on the Project, or have a financial interest in any of the foregoing entities with respect to the Project, unless the Department of Administration is satisfied in its sole discretion that:

- (a) such services were completed prior to initiation of the Procurement for the Project;
- (b) such services included only Low-Level Documents and did not include development of instructions to offerors or evaluation criteria for the RFP;
- (c) such services did not provide the Offeror with access to or knowledge of the Department of Administration confidential or inside information that could provide an unfair competitive advantage with respect to the Procurement;
- (d) the prior Contract and information provided to the Offeror in the performance of its services are either irrelevant to the Procurement or are available on an equal and timely basis to all Proposers;

(e) the work product from the Offeror incorporated into or relevant to the Procurement is available through Public Disclosure on an equal and timely basis to all Proposers; and

(f) any environmental documents prepared by the Offeror have been determined to be objective, and that the Department of Administration demonstrated independent decision-making authority during the environmental process.

In such instances where the Department of Administration is satisfied in the manner described above, the Department of Administration may still, in its sole discretion, restrict the scope of Procurement services for which the Offeror shall be eligible to perform in order to further the intent and goals of these COI Guidelines.

Public Disclosure of services or products is an important consideration in determining if an Organizational Conflict of Interest exists. All COI Disclosure Forms will be considered public records, as permitted under Guam's Procurement Law.

5. COI Disclosure Process.

An Offeror shall certify its compliance with these COI Guidelines at the time of submitting a Proposal to the Department of Administration, during the Procurement Process, and during the time of performance of any awarded Contract with the Department of Administration. If submittal of COI Disclosure Form(s) is required per these COI Guidelines or a specific Procurement or

Contract, an Offeror shall represent the correctness of a completed COI Disclosure Form. If an Offeror has any changes to its staffing or organization (whether before or after entering a Contract) that result in an Actual, Apparent or Potential Conflict of Interest (Individual or Organizational) per these COI Guidelines or per the criteria of any COI form associated with a particular Procurement or Contract, any such changes shall be disclosed within ten (10) business days via submittal of a Correct and signed COI Disclosure Form.

An Offeror shall assure that any COI Disclosure Form it submits includes any information required to be disclosed by its Subcontractors and other Associates, on behalf of the Offeror. An Offeror may submit either the Subcontractors' separate COI Disclosure Forms or incorporate Subcontractor information into its own COI Disclosure Form. The disclosure required with the proposal applies the prime and all proposed Subcontractors that are identified or anticipated at the time of proposal submission.

The identification, assessment, and management of Actual or Potential Conflicts of Interest are joint tasks among the Department of Administration, the Offeror and the Offeror's team. An Offeror must work together with the Department of Administration in an atmosphere of candor and accountability during the period of negotiation or performance of the Contract with the Department of Administration. The Department of Administration makes the final determination as to the adequacy of any COI disclosures or COI management plan offered by the Offeror.

The Department of Administration's COI determination is based on a number of factors such as:

- ✓ Situational Facts – description of the situation and all known facts specific to the actual or perceived COI

- ✓ Type of Work - specific product or service and Contract(s) involved
- ✓ Relationship to Management - specific interactions with the Department of Administration decision-makers
- ✓ Public Disclosure - timing and availability of product or service

The specific facts disclosed in any COI situation will be unique to that situation. Therefore, the decisions and conclusions reached in one situation may or may not be directly applicable to another. For example, the definition of "low-level" documents does not isolate an Offeror producing such documents from a potential COI situation. The ultimate determination will take into account the other factors described above.

6. Examples of Conflict of Interest Situations.

The Department of Administration offers the following examples to better illustrate conflict of interest situations that may arise during the course of the performance of a Personal Services Contract, Purchase Request, Purchase Order, or any Contract entered into between the Department of Administration and an Offeror, or during any government of Guam Procurement process, in order to provide guidance to Offerors as they determine if their specific situations warrant disclosure, evaluation, and management.

1. A Design-Build solicitation requires the responding teams to propose how to manage site features that were uncovered by a geotechnical engineering Offeror. The Offeror's reports to the Department of Administration on the Project are available to the public. A multi-specialty engineering Offeror that is the parent company of the geotechnical engineering Offeror submits a proposal to design the overall Project. Depending on the particular mitigating facts, the Department of Administration might determine in writing that the multi-specialty engineering Offeror is eligible to propose.

2. The Department of Administration seeks comprehensive project management services for a series of Transportation Projects. One of the proposing Offerors employed a senior official from the Department of Administration who played a significant role in providing direction for the solicitation, six months ago. The Department of Administration initially assesses this situation as a potential Organizational Conflict of Interest and provides information to potential Proposers of this assessment through an addendum to the RFP. In its proposal, the Proposer provides mitigating information and written assurances that this individual works in an area of the company that will not be working on their program management proposal and that the individual will be isolated inside the company from any information associated with the program, will not be lobbying the Department of Administration, will not engage in any activities that would violate the Department of Administration Code of Conduct Policy for the prescribed one-year period, and for a period of one year will not have a direct beneficial interest in the contract. Depending on the particular facts, the Department of Administration might determine that, while the proposing Offeror has a potential Organizational Conflict of Interest, that conflict has been adequately mitigated and the Offeror will not be disqualified from submitting a proposal.
3. The Department of Administration issues an RFP for design and oversight of an intelligent system to collect bridge tolls. The RFP provides that companies having a financial interest in the relevant telecommunications hardware will be excluded from bidding. A company under common ownership with a major electronics manufacturer desires to bid. The Department of Administration initially assesses this situation as an Organizational Conflict of Interest, because it cannot know in advance whether the hardware products of this electronics manufacturer would be used in the Project, and the Department of Administration informs potential Proposers of its concern related to this type of conflict via addendum to the RFP. In its proposal, the company offers no mitigating facts or organizational plans that address the Department of Administration's concerns about the conflict. Depending on the particular facts, the Department of Administration determines that the company has an actual conflict of interest.
4. The Department of Administration seeks advice of an industry advisory committee to formulate the specifications for an information technology (IT) RFP. An IT Offeror that participated in the advisory committee wishes to submit a proposal in response to the RFP. Depending on the particular facts, the Department of Administration might determine that the role of the Offeror was to represent the industry in the context of a public meeting where other Offerors were invited to submit comments, and that the Offeror therefore does not have an Organizational Conflict of Interest.
5. The Department of Administration contracts with an A&E Offeror to develop "low-level" documents prior to establishing a schedule for an RFP in which the "low level" documents, still under development, will be used by prospective Proposers. The A&E Offeror has attended the pre-proposal meeting and wishes to propose on the RFP. The Department of Administration determines that the company has a potential Organizational Conflict of Interest because of the fact that the low-level documents have not been made public and the Offeror will still be developing the documents during the solicitation. The company then mitigates the potential conflict of interest by suspending development of new reports during the open period of the solicitation and making all data and information sources available on the Department of Administration website prior to the RFP release. The Department of Administration determines that the potential conflict has been adequately

- managed and the Offeror will not be disqualified from submitting a proposal or being part of the proposing team.
6. The Department of Administration contracts with a consulting Offeror to assist the Department of Administration in the development of an RFP and sample Contract for a Design-Build Procurement for construction of certain Transportation Projects. The Offeror has close contact with the Department of Administration decision-makers in the development of the evaluation criteria for the RFP and the proposed Contract terms, and that information is shared throughout the Offeror with all management and technical personnel. The Offeror will not be able to submit a proposal in the design-build Procurement, or participate as a team member with an Offeror submitting a proposal in response to the RFP.
 7. The Department of Administration seeks comprehensive program management services for a series of Transportation Projects. Prior to release of the RFP, the Department of Administration shared its interpretation of the applicable conflict of interest requirements with the industry. One of the proposing Offerors has a related entity with a planned interest in future design-build construction work related to the transportation program. The COI Disclosure Form does not clearly state whether the related entity is a subsidiary, major partner, Subcontractor, or affiliate of a Subcontractor. The proposing Offeror describes its intent to restrict the flow of information concerning construction Projects to the related entity and thereby to its affiliate construction company but does not clarify how much information will be shared between the principal and its Subcontractors and affiliates or the controls placed on the principal Subcontractor-affiliate relationship. Furthermore, the proposing Offeror has provided mitigation information, indicating that the related entity will not participate in providing services under the program management Contract (i.e., design, source selection, award of Contract, etc.). The Department of Administration may conclude the proposing Offeror does not have a conflict of interest that detracts from its eligibility for the program management award. The Department of Administration may determine that the related entity has a conflict of interest in future design-build construction work related to the bridge repair and replacement program that has not been adequately mitigated by the measures and information provided by the proposing Offeror. As a result, if the proposing Offeror is awarded the program management Contract, the related construction company will be ineligible for construction work under the program. This determination will depend upon the precise relationship between the related entity and the Proposer.
 8. Completion of a project may encourage construction of a shopping center or industrial park from which an Offeror stands to benefit. If an Offeror is aware that it has such an interest in the decision on the proposal, it will be disqualified from preparing an EIS to preserve the objectivity and integrity of the NEPA process.
 9. The Department of Administration issues an RFP for A&E services to prepare plans, specifications, and estimate (PS&E) to replace a bridge. The PS&E will be completed as part of a design-bid-build process. One of the A&E firms proposing on the design services owns XYZ Inc., a subsidiary that provides program management services to the Department of Administration under a separate contract. The Department of Administration's intent, as advertised in the RFP, is to use XYZ Inc. for administration and oversight of the A&E design services for the bridge replacement project. The A&E firm that is the parent of XYZ Inc. would be ineligible for award of the A&E design contract.

10. The Department of Administration issues an IFB for construction services to replace a bridge. The replacement is being done using the design-bid-build process. One of the construction firms bidding on the public improvement project owns XYZ Inc., a subsidiary that provides construction contract administration and inspection services to the Department of Administration under a separate contract. The Department of Administration's intent, as advertised in the IFB, is to use XYZ Inc. for administration and inspection of the bridge replacement project. The construction firm that is the parent of XYZ Inc. would be ineligible for award of the construction contract.

DEFINITIONS

The following definitions apply to these COI Guidelines and the Department of Administration's COI Disclosure Form:

“Actual Conflict of Interest” means that an individual or Offeror is unable to render impartial assistance or advice to the Department of Administration, has impaired objectivity in performing the Project work, or has an unfair competitive advantage. “Actual Conflict of Interest” means any action or any decision or recommendation by a person acting in a capacity as a public official, the effect of which would be to the private pecuniary benefit or detriment of the person or the person's relative or any business with which the person or a relative of the person is associated unless the pecuniary benefit or detriment arises out of the circumstances described in the ORS Chapter 244 definition for “Potential Conflict of Interest” (see definition below).
