Appellant Information:

Mid Pac Far East (“MPFE”)

Mailing Address: P.O. Box 20969
 Barrigada, Guam 96921

Business Address: 475 Mendioka St.
 Dededo, Guam 96929

Telephone: (671) 632-5160

Appeal Information:

- A) Purchasing Agency: General Services Agency (“GSA”)
- B) Identification/Number of Procurement, Solicitation, or Contract: Invitation for Bid No. GSA-093-15.
- C) Decision being appealed was made on September 29, 2015 by Claudia S. Acfalle, GSA’s Chief Procurement Officer.
- D) Appeal is made from a decision on protest of Method, Solicitation or Award.
- E) Names of Competing Bidders, Offerors, or Contractors known to Appellant:
 - 1. NAPA Auto Parts
 - 2. Morrico Equipment, LLC
 - 3. Pacific Petroleum Trading Corporation

Form and Filing:

1. On July 31, 2015, GSA issued an Invitation for Bid, GSA-093-15 (“the IFB”), for “Miscellaneous Items & School Bus Parts”.
2. On August 25, 2015, four bidders responded to the IFB and all bids were opened.
3. A Bid Status document, dated September 28, 2015, was provided to MPFE indicating that MPFE’s bid had been rejected due to “[n]o bid security or insufficient bid security.” *See* Exhibit “A”. The Bid Status further remarked: “Standby Letter of credit in the amount of \$42,000.00 (Bid security short by \$2,263.41) Total Amount of Bid Amount: \$295,089.37.” *Id.*
4. The price list per vendor received from GSA indicates that MPFE had mistakenly transposed the decimal in the price per foot in Line Item 79.1, described as “HEATER HOSE (3/4 Inch Inner Diameter) 50 feet Roll”. *See* Exhibit “B”. As a result, the price per foot incorrectly read as \$537.00 per foot instead of \$5.37 per foot. The only other bidder on Line Item 79.1 was Morrigo Equipment, LLC (“Morrigo”), which indicated a price per foot of \$9.04. Despite the error in the price per foot, the total price per roll was correctly entered at \$268.50 per roll. This price was \$183.50 lower than Morrigo, the next lowest bidder, which bid a price per roll of \$452.00.
5. On information and belief, GSA used the mistakenly entered price per foot of \$537.00 and multiplied that figure by 50 to obtain its own price of \$26,850.00 per roll, despite the per roll price of \$268.50 entered by MPFE. GSA then combined its \$26,850.00 per roll price with MPFE’s extended prices for all Line Items in the IFB and came to its own total bid price for MPFE of \$295,089.37. GSA then rejected MPFE’s bid on the basis that the \$42,000.00 standby letter of credit provided by MPFE was insufficient to cover the new total bid price GSA had calculated for MPFE based on the obviously mistakenly entered per foot price of \$537.00.
6. As a result, it appears that all of the line items for which MPFE was the lowest bidder will be awarded to the next lowest bidder instead.

7. The original protest made by MPFE was made on September 28, 2015. *See* Exhibit “C”. In the protest, Craig Wade, the President/CFO of MPFE, disagreed with GSA’s determination that MPFE’s bid bond was insufficient. Mr. Wade noted that MPFE’s extended prices totaled \$268,507.87, not \$295,089.37 as erroneously calculated by GSA.

8. GSA responded to MPFE’s protest in a letter dated September 29, 2015. *See* Exhibit “D”. There, GSA denied the protest, noting that “[i]n reviewing your bid submittal, there was no evidence that a mistake occurred.”

9. MPFE is appealing GSA’s decision on MPFE’s protest on the basis that it is evident on the face of MPFE’s bid that the price per foot for Line Item 79.1 entered by MPFE was a mistake and that the intended correct bid is clearly evident on the face of MPFE’s bid given the price per roll of \$268.50 which was entered right next to the mistaken figure.

10. 2 GAR Division 4 Section 3109(m)(4)(C) states that:

(C) Mistakes where intended correct bid is evident. If the mistake and the intended correct bid is clearly evident on the face of the bid document, the bid shall be corrected to the intended correct bid and may not be withdrawn. Examples of mistakes that may be clearly evident on the face of the bid document are typographical errors, errors in extending unit prices, transportation errors, and arithmetical errors.

11. MPFE’s position is that the \$537.00 per foot price entered in Line Item 79.1 was clearly a typographical error. This is supported by the fact that the \$268.50 price per roll entered in MPFE’s bid is the product of \$5.37 multiplied by 50 feet, the fact that the only other bidder for Line Item 79.1 bid \$9.04 per foot, and the fact that the \$42,000.00 standby letter of credit is sufficient if the price per roll entered by MPFE is used to calculate the total bid amount instead of the price per roll calculated by GSA.

12. GSA’s decision to exacerbate the typographical error by using it to calculate an absurdly disproportionate price per roll and then reject MPFE’s bid in its entirety was improper given the rule on mistakes set forth in 2 GAR Division 4 Section 3109(m)(4)(c).

13. GSA's decision is also improper given 5 G.C.A. §5001(b)(5), which provides that one of the underlying principles and policies of the Guam Procurement Law is "to provide increased economy in territorial activities and to maximize to the fullest extent practicable the purchasing value of public funds of the Territory." GSA's decision to reject MPFE's bid based on a mistake that was obvious on the face of the bid will result in an award for every line item for which MPFE was the lowest bidder to other parties with higher bid prices. This will result in a larger overall cost to the government of Guam.

14. MPFE requests that the Office of the Public Auditor determine that the \$537.00 per foot price was clearly a mistake, determine that the intended correct bid price was clearly evident on the face of the bid document, order that the bid document be corrected to the intended correct bid of \$5.37 per foot, and overturn GSA's rejection of MPFE's bid on the basis of insufficient security.

15. MPFE has attached all supporting documents as exhibits hereto.

Declaration Regarding Court Action:

The undersigned party does hereby confirm that to the best of his or her knowledge, no case or action concerning the subject of this Appeal has been commenced in court. All parties are required to and the undersigned party agrees to notify the Office of Public Accountability within 24 hours if court action commences regarding this Appeal or the underlying procurement action.

Re: GSA-093-15

We respectfully take exception to the belief that MPFE total amount on Bid GSA-093-15 is \$295,089.37, when the total of the extended bid prices is \$268,507.87. Therefore our bid bond of \$42,000 is sufficient to meet the requirements and our bid should be consider.

If you do not agree consider this a formal protest of your position.

Should you need further clarification please contact me directly at 487-0936.

Thank you,

Craig Wade

Re: Protest on GSA Bid 093-15

I am in receipt of your memorandum dated September 28, 2015, in which you requested that the submitted bid price be corrected to reflect the error. And, if we fail to change the award based upon your letter, to consider this a protest. Mistakes are defined in 2 GAR. Division 4 Section 3109 (4) (c) which states in pertinent part "Mistakes where intended correct bid is evident" Mistakes where intended correct bid is evident. If the mistake and the intended correct is clearly evident on the face of the bid document. The bid shall be corrected to the intended correct bid and may not be withdrawn. Examples of mistakes that may be clearly evident on the facts of the bid document are typographical errors, errors in extending unit price, transportation errors, and arithmetical errors.

In reviewing your bid submittal, there was no evidence that a mistake occurred.

As stated in the Sealed Bid Solicitation instructions on page 26, item 2(c), in pertinent part: the Unit Price will be presumed to be correct." Your letter of September 28, 2015, reinforced the unit price that you offered.

Therefore, your protest is DENIED.

You have the right to seek any administrative or judicial reviewe authorized by law.
