Our Outlook

2019-2023 Strategic Plan
To ensure the public trust and assure good governance in the Government of Guam, we set out four strategic goals: (1) protect the independence of OPA, (2) deliver quality audit reports that are timely and impactful, (3) deliver timely decisions on procurement appeals, and (4) effectively engage with stakeholders to communicate and promote OPA’s value and benefits.

2019-2023 Stakeholders Engagement Plan
OPA outlined the direction and scope of the office’s engagement with its internal and external stakeholders. The plan commits to building on OPA’s relationship with stakeholders and aims to increase the value they see in the audit reports and other OPA-provided services.

Funding Level Challenges
For FY 2020, OPA requested for a $144K budget increase. This would allow OPA’s qualified staff to receive their deserved compensation. In addition, OPA plans to hire additional staff to make up for the lost 43 years in experience after the Public Auditor made a tough decision to cut personnel to stay within the FY 2019 budget granted by the Legislature.

With 450 participants, OPA proudly hosts the Association of Pacific Island Public Auditors’ 30th Annual Conference at Dusit Thani Guam Resort in August 2019.
