In April 2019, the US DOI-OIG awarded OPA another technical assistance grant for the same amount available for use until September 2022.

## Our Outlook

#### 2019-2023 Strategic Plan

To ensure the public trust and assure good governance in the Government of Guam, we set out four strategic goals:
(1) protect the independence of OPA,
(2) deliver quality audit reports that are timely and impactful,
(3) deliver timely decisions on procurement appeals, and
(4) effectively engage with stakeholders to communicate and promote OPA's value and benefits.

#### 2019-2023 Stakeholders Engagement Plan

OPA outlined the direction and scope of the office's engagement with its internal and external stakeholders. The plan commits to building on OPA's relationship with stakeholders and aims to increase the value they see in the audit reports and other OPA-provided services.

#### Funding Level Challenges

For FY 2020, OPA requested for a \$144K budget increase. This would allow OPA's qualified staff to receive their deserved compensation. In addition, OPA plans to hire additional staff to make up for the lost 43 years in experience after the Public Auditor made a tough decision to cut personnel to stay within the FY 2019 budget granted by the Legislature.
