AUDITORS ATTEND THE 34TH ANNUAL ALGA CONFERENCE

Hagåtña, Guam – Accountability Auditors Jerrick Hernandez and Johanna Pangelinan attended the 34th Annual ALGA Conference in Dallas, Texas. This year's theme, "Everything's Bigger in Local Government Auditing," reflects the growth of the conference into a hybrid for both in-person and virtual attendees.

Both auditors were present through the pre-conference workshops, main conference, and post-conference workshops from May 1, 2022, through May 4, 2022. The conference offered innovative sessions on key topics including education, fraud, and cybersecurity, along with new techniques and tools for effective audit reporting; diversity, equity, and inclusion; and retaining employees in a competitive economy.
